VILLA CAPTURES GOMEZ; SAYS HE'LL TAKE TORREON NEXT

Retakes Town He Lost After Four Days' Incessant Fighting and Predicts He Will Be in City by Sunday—Outlines Plans for March on Mexico City.

LOSSES ARE REPORTED HEAVY ON BOTH SIDES

Fail in Attempt to Take Lerdo and Constitutional Leader Outlines Plan to Throw His Forces Against the National Capital.

By Associated Press.

CONSTITUTIONAL HEADQUARTERS, ABOVE TORREON, March 26.—(Delayed by censor.) Gen. Villa and his rebel army, after four days of almost incessant fighting, during which victory seemed first with one side and then with the other, occupied Gomez Palacio today. Losses on both sides have been heavy.

The rebels delivered three assaults before permanent success was achieved and at times the battle extended into the streets of Torreón proper.

Villa predicts that he will have the latter city by Saturday or Sunday.

Villa Outlines His Plans.

The meager hospital corps, a half dozen wagons and men, was unable to handle the wounded. It was the first time in recent Mexican revolutions that the flag of the Red Cross has been seen in a rebel army.

The rebels fought amid scenes of intense suffering and horror. Water was obtainable only from tanks hauled on freight cars and rations had become unavailable after the first day's fighting.

Gen. Villa, during pauses in the firing, talked confidently on the fall of Torreón. He intimated he expected Huerta to fight on until the rebel forces could have to surround Mexico City.

"When we take Torreón, which we will," said Gen. Villa, "we will establish our military base there for movements eastward and southward. Chihuahua, with Gen. Carranza there, will become the provisional capital. It will be the center of our civil government. But the military government will be here and it will be a moving one. One force will be sent south to attack Saltillo and then follow the National Railroad to Aguas Calientes. Another force will start east to pursue the Federals at Saltillo and Monterrey. The fall of Monterrey will give us half of the republic."

City of Mexico Reports Complete Defeat of Villa.

WASHINGTON, March 27.—Complete defeat of Villa and the Constitutional forces before Torreón was reported in a dispatch from Senor Portillo y Rojas, Minister of Foreign Affairs.

Minister Portillo's dispatch, confirming an earlier one from the Saltillo, Chihuahua, at El Paso, says the Constitutionalists were decisively repulsed and driven back several miles from their position of vantage.

Mexican Embassy Gets Message Telling of Heavy Rebel Losses.

WASHINGTON, March 27.—The Mexican Embassy today received the following dispatch from the Mexican Consul, Senor Diebold at El Paso:

"Rebels have been severely defeated at Torreón. A column of 5000 troops under Gen. Moore have left Saltillo in flanking movement to reinforce the garrison. The rebels last week also suffered a severe repulse at Monclova, losing over 1000 men, as well as at Arizaga, where the losses were over 200."

Villa Defeats Federals in a 10-Hour Fight.

JUAREZ, March 27.—The Federal soldiers at Torreón last night failed in a 10-hour fight to retake Lerdo, according to a telegram received here today signed by Gen. Villa. The telegram was dated Gomez Palacio. Lerdo is a manufacturing town on the suburbs of Torreón.

This message was taken by the Constitutionalists to support their contention that Gen. Villa, although once driven back to El Virjil, 10 miles from Torreón, had retaken Gomez Palacio and the nearer suburb of Lerdo and that he still held those points last night.

Federal advances, which are said to have been sent by way of Saltillo, Chihuahua, were repulsed. Gen. Villa, at the head of 3000 Federal cavalrymen, flanked Villa's men at Gomez Palacio and drew the rebels into a mined trap, exploding 17 dynamite mines.

A prohibitive censorship has been put upon the correspondent at the front.

DOWAGER EMPRESS OF JAPAN SERIOUSLY ILL

TOKIO, March 27.—The Dowager Empress Haruko of Japan is seriously ill at Numama, a watering place southwest of Yokohama, where she resides in the Imperial Villa. She is suffering from heart disease. Several court physicians left today to attend her.

The Dowager Empress is 84 years old. Her husband, the Emperor, Mutsuhito, died in 1912.

"MUY SIMPATICO" T. R.'S NEW NAME

Means "Very Amiable" and Is Bestowed on "Bwana Tumbo" by South Americans.

NEW YORK, March 27.—"Muy Simpatico," or, literally, "Very Amiable," is the name by which Col. Theodore Roosevelt has become known in the regions of South America he has traversed on his present trip. Frank Harper, the Colonel's secretary, revealed this today when he arrived here from South America, via London, bringing with him a tortoise for the New York Zoological Park, and five cases of specimens for the Museum of Natural History. They consist of the skins of mammals and sundry birds. Former President Roosevelt received the name "Bwana Tumbo" while hunting in South Africa.

SUIT FILED TO OUST JUSTICE FROM ICE BOX

Benbow City Official Threatened With Loss of Residence by Brewery Association.

Justice of the Peace J. T. Ashlock of Woodriver, Ill., who eats, sleeps and deals out justice in a large icebox, has been sued for possession of the icebox by the St. Louis Brewing Association, which owns it.

When Marshal Jerome Ford served papers Thursday to dispossess him, Justice Ashlock forcibly expressed his intention not to vacate. The icebox adjoins a saloon building recently leased to Andy Marsh. While the building was without a tenant the brewery permitted the justice to live in the rear room to protect the insurance. When Marsh took possession, Ashlock moved into the ice box, knocking a hole in the roof for a stovepipe and knocking holes in the sides for windows.

Although he holds court in the Benbow City Village Hall, Ashlock writes his decisions and court documents in the icebox.

GOV. EBERHART'S "TANGO ANTICS" ARE CONDEMNED

Democrats in Minnesota Say His "Turkey-Trotting" Has Aroused Contempt.

ST. PAUL, Minn., March 27.—Democrats of Minnesota, in their platform, have this plank: "We condemn the silly, blatant, venal and maudlin administration of the State by Gov. Eberhart, whose junketing, tangoing, turkey trotting, balling, singing, song writing antics and general lack of interest in and grasp of State affairs have aroused the contempt of all thinking men and made the State administration the laughing stock of the nation."

Gov. Eberhart has announced his candidacy for renomination on the Republican ticket at the primaries on June 15.

D. DICKSON COOK HELD; AS PEACE DISTURBER

D. Dickson Cook of 323 Washington boulevard, assistant secretary of the American Wine Co., was arraigned in the Municipal Police Court, Friday, on a peace disturbance charge made by Frank Brown, 18 years old, a newspaper vendor at Grand avenue and Olive street.

Judge Kimmel discharged Cook after hearing the testimony.

Brown testified that when he tried to sell Cook a paper, March 12, on a street car step, Cook pushed him off, causing him to fall on the pavement. His face was bruised, he said, and a tooth loosened.

Cook said the paper vendor had been too obstreperous, and had held a paper close to his face, in an annoying manner. John Zimmerman, a collector for the wine company, who was with Cook testified in support of Cook's statement.

In the home edition of the Post-Dispatch it was erroneously stated that Douglas G. Cook, Dickson's father, was in police court on the charge.

Wants.

Advertisements present, or prospective, will not hesitate in the selection of the medium through which to reach the buying public of St. Louis and contiguous territory, when such overwhelming evidence of the superiority of St. Louis' ONE BIG newspaper is shown to them in this space day after day.

We have five daily newspapers in this town, each contending for the business of the St. Louis merchants, and yet these local merchants, who have spent millions of dollars to reach the buying public of St. Louis and suburbs, bought as much or more space in the POST-DISPATCH on each of 21 days out of the 84 that have passed thus far this year, than in all four of the other city papers added together.

Thursday of this week, was the last day that we beat all four when the POST-DISPATCH carried

98 Columns

While the Globe-Democrat, Republic, Times and Star combined, carried only

93 Columns

After a test of many years these merchants have found that the pulling power of the POST-DISPATCH is greater than all four of the other St. Louis papers added together, because bona fide legitimate sales of the POST-DISPATCH in the city and suburbs, is equal to all of the other morning or evening papers combined.

BACHELOR WHO ADVERTISED FOR HOUSEKEEPER HELD

Robert H. Grimes Arrested at the Postoffice When He Takes Out Answers.

SAYS HE SOUGHT A WIFE

He Admits Using "Ad" as Means of Meeting Women; Lonesome and Wanted to Marry.

Robert H. Grimes, a bachelor, 39 years old, who lives at the Antlers Hotel and says he is buyer for a large downtown retail drug firm, was arrested at the postoffice after detectives had seen him take letters from two general delivery boxes which he had rented under different names.

He admitted that he had been advertising in a morning newspaper for a young woman housekeeper and had received many letters from women. His reason for doing this, he said, was that he hoped in this way to become acquainted with some woman who would consent to marry him, as he was tired of living alone.

Decoy Letter Used.

The attention of the police was called to Grimes when the detective bureau received a letter signed "Business Woman." This letter contained the advertisement clipped from last Monday's issue of a morning paper. It read:

"HOUSEKEEPER—Young lady, living alone in a handsome home wants a young woman without incubance as housekeeper to do her work. Address E. O. Box 928."

Detectives Keane and Curran put a lodge circular in an envelope and addressed it to box 928. This was done so that the decoy letter if found in Grimes' possession, would be evidence that it was he who opened the box.

Names of Women in Book.

Keane and Curran watched the general delivery section of the postoffice. About 10 a. m. a man who later was identified as Grimes opened box 917 and took out two letters. Then he opened box 928 and took out a large number of letters. The detectives had learned that box 917 was rented in Grimes' name and box 928 in the name of "Arthur Graham, 442 Olive street."

Grimes, after his arrest, admitted that the "Graham" name was fictitious. When he was searched, it was found he had taken 13 letters from box 928. In his pocket also was a red memorandum containing names, addresses and telephone numbers of 12 women.

He denied that these women had answered his advertisement, but said the names and addresses were partly those of women to whom he had been introduced and partly those which he had overheard and noted when women were telephoning in the drug store where he worked.

Says He Met Women.

The letters and memorandum book were turned over to postoffice inspectors and Grimes was held pending Federal investigation.

Grimes said he received about 40 answers to his advertisement and met several women. The only one whose name he could remember was a Miss Patch, who met him at the postoffice Wednesday and took a street car ride with him. They separated at Union Station.

"I didn't mean any harm," Grimes said. "I am a bachelor and lonesome. I thought advertising for a housekeeper would be a good way to meet some girls and might give me a chance to get married."

Grimes says he is a graduate of the University of Texas and has been a drugist for 18 years. He came to St. Louis six months ago.

The second income in many homes is a few dollars each week from a vacant room rented through Post-Dispatch.

SUB-CONTRACTS ON CAPITOL MAY GO OUTSIDE OF STATE

St. Louis Firms Learn Work They Hoped to Get Probably Will Go to Chicago Firm.

SAY BIDS ARE LOWER

Attorney Declares Local Companies Cite Fact They Offered to Do Work for Less.

St. Louis firms which had hoped to get the sub-contracts for the heating, ventilating, plumbing and electric wiring of the new State Capitol building learned Friday that all these contracts would probably go to firms outside Missouri.

The Gill Construction Co., which holds the contract for the building, has submitted to the Capitol Commission the bid of the Hanley-Casey Co. of Chicago, covering the items above named, and the commission, which met Friday at the Planters Hotel, is expected to pass on the matter at once.

Attorney's Protest.

Representatives of the St. Louis firms say they have learned that the Hanley-Casey Co. will submit the electrical wiring contract to an Iowa firm, and will do the heating, ventilating and plumbing itself, so that no Missouri concern will get a "look-in" on these important contracts.

An attorney representing one of the St. Louis firms said he would appear before the commission and make a protest if he could get a hearing. He said that, in view of the fact that the use of Missouri stone was prescribed by law at a heavy additional cost to the State, the St. Louis firms wonder why they are to be "frozen out" of the heating, ventilating, plumbing and wiring contracts, which, they assert, they could fill as well as any Chicago firm. They further cite the fact, he said, that their lowest bids for all these subcontracts were lower than those of the Hanley-Casey Co.

Conducted Pike Shows.

Some of the St. Louis firms whose product was approved by the Capitol Commission in a preliminary test, but which will be excluded from consideration if the Hanley-Casey bid is approved, according to the lawyer, are the Helme Boiler Co., the John O'Brien Boiler Co., the Laclede-Christy Co., the Rummel-Dawley Co., the Ball Ice and Cold Machinery Co., the Breck Supply Co., J. F. Maynard, and the Day Rubber Co.

The Hanley-Casey Co. held a number of important contracts in the Louisiana Purchase Exposition, and the company built and conducted the Fire Fighters and Irish Village shows on the Pike.

Rule of Commission.

The Hanley-Casey bid, it is understood, covers all these items in a lump, at a total of \$246,000. The lowest bid of the different Missouri firms in the competition are said to have aggregated \$288,000. The contractor, and not the State, pays this difference. But in this connection the St. Louis firms are citing a peculiar clause in the rules of the Capitol Commission, stating that "all sub-contracts must be filed with the commission, but the amount of the contract price to be paid to the subcontractor may be named in a separate agreement, which need not be filed with the commission."

This, the St. Louis firms say, makes it a matter of doubt whether the \$246,000 named represents the actual amount to be paid to the Hanley-Casey company under the contract.

Members of the commission declined to discuss the controversy between themselves and K. F. Gill over the stone to be used in the construction of the building. J. K. Pool, secretary of the commission, said that any official of the commission would be subject to a fine of \$5 for discussing the stone controversy.

It was agreed among the members of the commission that this penalty shall be imposed and the money collected appropriated to a fund for the general entertainment of the members.

Gill is not expected in St. Louis during the hearing of the commission. His explanation, it was said, desired to have a full understanding with contractors and engineers relative to the material to be used in the mechanical equipment, to avoid any misunderstanding, such as have arisen over the stone contract.

The commission has issued a statement that St. Genevieve stone, which Gill proposes to use in the construction of the building, will not be accepted. Plans have been made by persons associated with Gill to develop the stone quarries in St. Genevieve County for the purpose of using the stone in the Capitol building.

COLONEL WEYERHAEUSER, 'LUMBER KING,' ILL AT 80

One of America's Wealthiest Men Has Pneumonia in Winter Home at Pasadena.

ST. PAUL, Minn., March 27.—Col. Frederick Weyerhaeuser of St. Paul, widely known as America's "lumber king," and one of the wealthiest men in the United States, today was reported in private dispatches to be dangerously ill of pneumonia at his winter home in Pasadena, Cal.

Weyerhaeuser is 80 years old.

The two sons of Weyerhaeuser were summoned to their father's bedside by urgent messages. They departed from St. Paul for Pasadena last night.

LAWYER ROASTS WITNESS; WITNESS BEATS UP LAWYER

Sterling P. Bond of St. Louis Twice Knocked Down by Farmington Banker.

HE REFUSES TO RETRACT

Simon Bass Sees Attack on Associate After Adjournment of Fraud Case.

Special to the Post-Dispatch.

FARMINGTON, Mo., March 27.—Sterling P. Bond, attorney of St. Louis, was assaulted last night about 8 o'clock in front of the St. Francis Hotel by Luther H. Williams, cashier of the Farmington Bank. Williams approached Bond

and demanded that he retract the statements he had made to a jury in the Circuit Court yesterday in a case wherein Williams was one of the prosecuting witnesses. On Bond's refusal to apologize or retract what he had said, Williams knocked him down, and when Bond arose he was knocked down again, the blows inflicting ugly bruises on his face. Simon Bass, associate of Bond, was standing by.

Bond and Bass departed for St. Louis early today.

Case Fought Bitterly.

The case of the State against John McBrien, a farmer, for obtaining money under false pretense has been on trial this week before Judge Deering of Potosi, Judge Huck, the regular judge, having been disqualified by the defense's allegation of prejudice. McBrien last year was alleged to have obtained several thousand dollars from the St. Francois County Bank and \$1800 from the Farmers' Bank, both of Farmington, by stating that he was not indebted to anyone else to any great extent. He subsequently, it was charged, disposed of his farm, large herds of cattle, and other farm property which he said was the property of his wife.

His son took a number of mules to Illinois and a charge of removing mortgaged property from the State also is pending against McBrien. The case was bitterly fought, the prosecution and the defense both employing well-known attorneys, among whom were Bond and Bass for the defense. The local lawyers for McBrien were Felix O. Poston and Jasper N. Burks, while the State was represented by Prosecuting Attorney Benham, assisted by B. H. Boyer and Jerry R. Burks.

Court Cautions Bond.

In his address to the jury Bond gave special attention to Luther H. Williams and R. H. Marbury, two of the principal witnesses for the State. Prosecuting Attorney Benham objected to the language used and the Court cautioned Bond.

The case was concluded at 8 o'clock last night and at that time the assault occurred.

The jury has not yet returned a verdict.

SENATOR CLARKE AHEAD

Practically Complete Returns Indicate Renomination Over Kirby.

LITTLE ROCK, Ark., March 27.—Practically complete returns from every county in Arkansas in Wednesday's primary today indicate the renomination of United States Senator James P. Clarke over William F. Kirby, Justice of the State Supreme Court.

Sensor Clarke's lead, which last night fluctuated considerably, today was placed at about 2000.

'CHANGE OFFICIAL AND GRAIN DEALER IN A FIST FIGHT

John Dower Knocked Down by Fred M. Young in the Latter's Office.

John Dower, 54 years old, of 654 Berlin avenue, general superintendent of grain weighing at the Merchants Exchange, Fifty-fifth and Locust streets, president of the Mount City Elevator and Grain Co., Second and Branch streets, engaged in a fist fight Friday in the office of the grain company. Both were arrested, taken to the North Market Street Police Station and released on their own recognizance to appear Saturday in the Dayton Street Court.

At the police station Dower did not have the necessary 50 cents for the bail bond fee and Young proffered a dollar bill, saying he would pay the fee for both. Dower at first refused to accept it, saying he would hand the half-dollar to the police in the morning, but Young insisted.

"Only a coward would strike a man with his heavy overcoat on and carrying an umbrella," declared Dower when Young paid the fee.

Dower says one of his inspectors was wrongly accused in Young's office Thursday in connection with a grain inspection and that he went there Friday morning to adjust the matter. He says Young struck him several times in the argument.

Young contends Dower jerked off his glasses, whereupon he struck Dower and knocked him down.

PRESIDENT WINS; 20-HOUR LIMIT ON TOLLS DEBATE

House Adopts Resolution to Limit Debate on Repeal of Exemptions in Canal Act to 20 Hours at End of Heated Discussion by Vote of 207 to 172.

Hardwick Warns Clark His Break With President May Return Party to "40 Years in Wilderness"; 55 Democrats Vote Against Administration.

Underwood Makes Strong Speech Against Administration Bill; Igoo Votes Against It, Barthold for It.

WASHINGTON, March 27.—President Wilson's administration twice went to a test today on preliminary questions leading to the proposition to repeal the exemption of American coastwise vessels from the payment of tolls through the Panama Canal. The House of Representatives in both instances upheld his position. The first time his victory was by a vote of 207 to 172; the second ballot resulted 200 to 172 in his favor.

The first test was on the "previous question," that is, to vote at once without argument on the proposition to limit the debate to 20 hours. After this previous question had been ordered, a ballot was taken on the debate limit, with the result that the wishes of the administration forces obtained and a ballot on the actual repeal resolution will be taken after 20 hours' debate. It will be possible to obtain a final vote by holding a night session tomorrow.

55 Democrats Against Bill.

Party lines were eliminated in the debate. Fifty-five Democrats voted against the presidential program and eight Republicans voted for it.

Among those who voted against the administration was Representative Igoo, a St. Louis Democrat, and among those who supported the President was Representative Barthold, a Republican, also of St. Louis.

The balloting was preceded by an hour of impassioned speech making today, following a two-hour discussion yesterday.

Representative Underwood, Representative Fitzgerald and other Democratic leaders voted against the motion to cut off debate. With the adoption of the resolution to stop debate, the question of the rule itself and this passed handily.

Underwood Speaks Against Bill.

Representative Underwood, after he had held a whispered conference with Speaker Clark at the desk, was given the floor by Representative Campbell, who is leading the fight for the Republicans. The House cheered vigorously for several moments. Then Mr. Underwood began:

"I am opposed to this bill, and naturally I am opposed to a rule that considers it. I regret that the bill is before the House. I hope it will be defeated. But the President having put this important question before Congress, I believe it should be considered. I have always endeavored to sustain my party's platform. I believe this plank of the platform is right. Believing this, there is but one position I can take, that is, to sustain the position expressed in my party's platform."

"I regret that I differ with the President of the United States and am compelled to differ with my colleagues here, but I say if we are to make a mistake in this matter, let it be the mistake of not turning our faces against the battery that made a Democratic majority in this House first possible. There are Democrats in this House today whose seats would be occupied by Republicans if it were not for the Democratic fight the sixty-first Congress against the rule of cloture."

Upholds Right of Minority.

The Democratic leader contended for the right of the minority to be heard, and offer amendments, and said he would agree to a rule to make the bill in order.

"With the bill thus before the House the gentlemen in charge could at any time move the previous question, and if he had a majority with him, could cut off debate," said he.

"I do not question your honesty, but you are making a serious mistake, if you adopt this rule, and I would not be given me as your leader if I did not have the courage to stand here and tell you so," he concluded.

Mr. Underwood was again cheered as he took his seat, and next seemingly closed the debate against the rule, on the motion of Representative Hardwick, Democrat of Georgia, then was recognized in debate for his adoption.

Hardwick Warns Clark.

Turning toward the Speaker's desk and pointing toward Speaker Clark, Mr. Hardwick shouted:

"The distinguished gentleman from Missouri, whom we all love, broke last night in an elevator house and the two sisters died here today."

FINAL ARGUMENTS IN GEROLD'S TRIAL DRAW BIG CROWD

Former East St. Louis Treasurer's Wife, Children and Friends Sit Near Him.

SULLIVAN MAKES PLEA

Attacks Expert Ambrose as "an icicle" and Declares No Guilt Has Been Proved.

The East St. Louis City Court was crowded Friday, the closing day of the trial of E. Fred Gerold, former City Treasurer, accused of withholding public funds.

Mrs. Gerold, who has been a constant attendant at the trial, sat behind and occasionally leaned over and spoke to him. With her were four women friends. In front of Gerold sat his 6-year-old son. Gerold's other child, a 6-month-old baby, was brought into court by a woman and placed on Mrs. Gerold's lap half an hour after court convened.

Daniel J. Sullivan resumed the argument for the defense which he had begun Thursday afternoon. It was agreed that he should have an hour and a half for argument and that the closing presentation for the State should be made by Attorney Thomas Webb, who was to have a time allowance of three hours. Sullivan said no criminality should be imputed to Gerold unless it was shown that he acted maliciously, knowingly and intentionally. It was not the policy of the law that any man should be sent to the penitentiary for a mistake. He undertook to discredit H. G. Ambrose, the expert accountant, on the ground that Ambrose was "an icicle from across the river" and lacking in human sympathy. Ambrose was the principal witness for the State.

He said the payment of over \$20,000 during the trial had no bearing on the guilt or innocence of Gerold. The payment, he said, would not clear Gerold if he was guilty. He attributed Gerold's failure to apportion money to specific funds to the system of bookkeeping which was begun by his predecessors. Sullivan directed his argument to the main to the controversy between Gerold and his successor, Keating, over the apportionment of the funds. He also gave a great deal of attention to the issuance of assignment warrants, with which the prosecution found no fault. Sullivan provided the amounts represented by them were actually paid out. He gave relatively little attention to the evidence of excess and duplicate credits taken by Gerold.

Robert Schummeffel of counsel for the defense told the jury that even if they did think there was a probability of Gerold's guilt, they should acquit him, unless they were convinced beyond a reasonable doubt that he was "a thief." They should be convinced that he intended to steal city funds, before returning a verdict of guilty. There was no criminal intent if he had a valid reason for withholding funds.

Gerold, he said, stood ready to pay over any amount that is due the city from him. The fact that coupons were paid more than once, he said, would not mean that the second man was a thief.

Mentions Gerold's Bond.
There were \$50,000 uncollected coupons in an open box, where anybody could get them, he said, and Gerold had a right, when an uncollected coupon was presented, to assume that it had not been previously paid. No citizen and no taxpayer would lose anything by duplicate payments because Gerold was under \$50,000 bond. Only one or two had testified that they had a conversation with Gerold about payments to him. Gerold entered in his books no credits to himself. It was all done by bookkeepers.

Gerold did not turn over his cash balance, Schummeffel said, because Thomas Webb, then Gerold's attorney, had advised him not to. The reason that Gerold paid over to the city \$20,000 was that he had changed lawyers.

When Sullivan began his argument for the defense, Gerold's 6-year-old son, who had been playing in the corridors, was brought in and placed in a chair in front of the defendant. Mrs. Gerold sat behind her husband. George Gerold, father of the defendant, was in the gallery. It was the first time he had appeared at the trial. Several women relatives sat with Mrs. Gerold. Her sister, Mrs. Walsh, stood outside the rail, holding the Gerold infant in her arms.

suit upon the administration, and his own party.

"I will ask the gentleman whether he does not know that if he tears Woodrow Wilson down, no Democrat can stand. Doesn't he realize that he must support his administration or be turned into the wilderness for forty years more?"

As Mr. Hardwick concluded, Chairman Henry moved "the previous question" and a roll call was ordered. Speaker Clark did not take the floor to discuss the rule.

When Chairman Henry moved the "previous question" and roll call Representative Anderson of Minnesota was the first Republican to vote against "the previous question." Representative Broussard of Louisiana was the first Democrat to vote against it. Representative Gardner of Massachusetts was the first Republican to vote for it. Representative Fitzgerald of New York, chairman of the Appropriations Committee, loudly proclaimed his vote in opposition.

HOW CLARK BROKE WITH PRESIDENT

By Wire From the Washington Bureau of the Post-Dispatch.

WASHINGTON, March 27.—Speaker Clark has aligned himself with the ship subsidy interests that are seeking to defeat a repeal of the Panama tolls exemption law. For many days the Speaker has been urged to leave the administration by the same interests that fought President Wilson at the Baltimore convention and supported Clark for the nomination.

Until last night Clark had consistently refused to state what position he would take on the canal fight. He found his opportunity to make the bolt which was forecast for many days when a rule was brought into the House late yesterday afternoon limiting debate on the repeal bill to 20 hours. Representative Lenroot, a Republican from Wisconsin, read to the House a number of speeches made by Clark denouncing special rules. Clark appeared to be embarrassed as Lenroot read from the old records, and after the House adjourned he issued his statement.

While the Speaker's statement, taken on its face, appears to be a mere refusal to vote for the rule, the last few sentences contain the clue to his attitude on the repeal proposal, according to members of the House.

Here is the sentence which is taken to forecast his vote on the repeal:
"We have a rule reported on a bill of the greatest question presented in my 20 years in the House—namely, which it passed will change our foreign policy which we have maintained."

When shown Speaker Clark's statement, Chairman Henry of the Rules Committee said:

"I am devoted to Speaker Clark personally, but he should be candid enough to say to the American people that the rule is not the fly in the ointment, because from his statement it is plain that he proposes to fight shoulder to shoulder with the special interests and the shipping combine against President Wilson."

President Hears of Vote.
Flushed with victory, administration supporters predicted passage of the repeal bill by a heavy majority. They declared many of those who had voted against the previous question would be willing to vote for the bill itself.

News of the vote was hurried to the White House, where President Wilson learned of it just before leaving his desk to attend an entertainment for a charity at Fort Myer, across the Potomac.

With the first obstacles out of the way, the House settled down to consideration of the repeal bill. Democrats in its favor were allotted 10 hours, Democrats against it five; Republicans four. Progressives one. Representative Sims, author of the bill, led off the debate.

Representative Sims coupled his argument for the repeal with a denunciation of the Democrats who aligned themselves with the opposition and declared that if he believed, as it has been charged, that the President had accepted the repeal, he would vote for it.

Bartholdt, Browne of Wisconsin, Gardner of Massachusetts, McKenna, Madden, Stearnson and Stevens of Minnesota—Total, 7.

ained for 225 years."

The last few words are taken to mean that Clark has convinced himself that if Congress repeals the exemption clause the Monroe Doctrine will be weakened.

In line with this announcement, Clark has prepared a "speech" in which he declares that the canal was bought and paid for by the United States and should be handled in any way this Government sees fit.

Clark's statement has been discounted at the White House for several days. The administration was advised that Clark believed the time had arrived when his political future demanded that he "assert his independence" of the administration.

The Post-Dispatch correspondent learned today that the White House would be delighted to have Clark go along in step with the administration, but if he felt he was strong enough to take a different route the administration would not be alarmed.

If Clark makes a real fight against the administration, and if he attempts to attack his colleagues in the House who are supporting the President, he will be defeated for re-election to the speakership, the Post-Dispatch correspondent was told today by one of the House leaders. Many of the men who have sympathized with him because of his defeat at Baltimore had advised friends that they do not propose to let an individual have a free hand in wrecking the party and turning it over to the interests which controlled the other great party.

Clark's Statement in Full.
"I am dead against the rule on the tolls question and intend to vote against it. I will not stultify myself by voting for any such rule. I led the fight to liberalize the rules and practices of the House, thereby imperiling my political future. We won that long and bitter fight and it was the first Democratic victory in 18 years. Time and time again I declared that I would not advocate a thing when in the minority that I would not advocate in the majority."

The Democrats won the House in 1910. The first time in 16 years. I was unanimously nominated for Speaker and duly elected by every Democratic vote in the House, with the hearty good will of every Republican, because they believed that I am a truthful man. In order to liberalize the rules and practices of the House, I voluntarily relinquished a large portion of the powers of the Speaker, which I could have been forecast for many days when a rule was brought into the House late yesterday afternoon limiting debate on the repeal bill to 20 hours. Representative Lenroot, a Republican from Wisconsin, read to the House a number of speeches made by Clark denouncing special rules. Clark appeared to be embarrassed as Lenroot read from the old records, and after the House adjourned he issued his statement.

While the Speaker's statement, taken on its face, appears to be a mere refusal to vote for the rule, the last few sentences contain the clue to his attitude on the repeal proposal, according to members of the House.

Here is the sentence which is taken to forecast his vote on the repeal:
"We have a rule reported on a bill of the greatest question presented in my 20 years in the House—namely, which it passed will change our foreign policy which we have maintained."

When shown Speaker Clark's statement, Chairman Henry of the Rules Committee said:

"I am devoted to Speaker Clark personally, but he should be candid enough to say to the American people that the rule is not the fly in the ointment, because from his statement it is plain that he proposes to fight shoulder to shoulder with the special interests and the shipping combine against President Wilson."

CIRCUIT ATTORNEY MOVES INCREASE IN SLAYER'S BOND

Circuit Attorney Harvey filed a motion in Judge Jones' court Friday for an increase in the bond of Charles Gates, a stationary engineer, who shot and killed Douglas Conroy at a dance at 1420 Whittier street, March 1. Gates was released on a \$500 bond, approved by Assistant Circuit Attorney Bishop. Harvey said he would ask to have the bond increased to \$10,000.

Gates was indicted for murder in the first degree, which ordinarily is unobtainable. In his motion filed in court, Harvey declared that to fix a bond of \$500 in such a case was to place too cheap a value on human life.

Before filing the motion Harvey read a transcript of the testimony at the coroner's inquest and before the grand jury. Harvey stated in the motion that the facts showed that Gates acted not merely with recklessness and general malice against Conroy, but in resentment and feeling against him and his friends who had been attending the dance at the place where he boarded.

MME. CAILLAUX ASSERTS EDITOR BAITED HUSBAND

She Testifies Printing of "Thy Joe" Letter Caused Her to Fear Family Exposure.

PARIS, March 27.—Charges that M. Calmette, editor of the Figaro, whom she shot and killed in his office, had baited her husband concerning the published "Thy Joe" letter, were made late yesterday by Madame Caillaux, wife of the former Minister of Finance, at the continuation of her preliminary hearing before Magistrate Boucard.

The witness displayed great indignation at the treatment her husband had received at the hands of the editor and wept after she declared she had not intended to kill M. Calmette, but had lost her head when she was face to face with the man she feared would reveal the family's secrets.

Mme. Caillaux regrets that "I regret profoundly the consequences of my act," the witness said, amid her tears. "I would prefer a thousand times that the campaign had continued rather than I should have killed M. Calmette. It is impossible to find in my act another cause than that which I have given."

Boucard sought an explanation of the discrepancies in Mme. Caillaux's recital

before him and the story she told the police.

"In attacking your husband," the magistrate said, "M. Calmette was baiting the politician, not the private citizen. Moreover, the letter signed 'Thy Joe' concerned another woman."

"Yes," the witness responded, "but it was I who succeeded the woman as the wife of M. Calmette. I will recall to you how M. Calmette, in an article on March 16, baited my husband regarding the intimate nature of this letter; and that is not politics."

Tells of Anonymous Letters.

Mme. Caillaux told the magistrate that she had received on March 15 an anonymous letter, which she had since destroyed, informing her of the imminent publication of letters concerning her. Asking Boucard to enlighten her regarding the contents of the letter, the publication of which she feared, Mme. Caillaux said they concerned the private life of her husband and herself.

PULLS CAT'S TOOTH

GREELEY, Colo., March 27.—A big good-natured cat, a member of the household of H. D. Parker, is minus one of his large front teeth, which was pulled today by Dr. F. E. Stockover, a local dentist.

It took two boys and one man to hold Billy, the cat. The cat declined positively to submit to an anesthetic. The dentist took a look at the tooth, decided it was ulcerated and that an operation was the only thing to be done.

The dentist got a good grip on the feline's mouth. There was a yowl, long, piercing and loud, and the tooth was out.

COUNTY GAS CO. MAN IS WATCHED; ACCOUNTS SHORT

Employee Under Surveillance at Hotel—Discrepancy \$5000 to \$10,000.

It was reported at Clayton Friday that officials of the St. Louis County Gas Co. were having their books audited following the report of a discrepancy of between \$5000 and \$10,000.

Meanwhile, it was learned, an employee of the company is being held under surveillance by a private detective agency retained by the company.

A detective, who constantly guards the employee, is reported to have remained at a downtown hotel with him Friday.

At this hotel a Post-Dispatch reporter learned the employee had been there under surveillance since last Tuesday.

John Aussen, general manager of the company, was not in his office in Webster Groves at noon when a Post-Dispatch reporter telephoned. His secretary was asked about the matter, but said the president was the only one to make a statement.

West End Girl Who Will Be Wed to Freeholders' Secretary

MISS IRENE CLIFFORD...

MISS CLIFFORD IS ENGAGED TO WILBUR B. JONES

Westmoreland Place Girl Announces She and Freeholders' Secretary Will Wed.

The engagement of Miss Irene Clifford, daughter of Alfred Clifford of 22 Westmoreland place, and Wilbur B. Jones, secretary of the Board of Freeholders, was announced Friday. A luncheon at Miss Clifford's home, at which a few of her friends were guests, was the occasion of the announcement.

The wedding, it is expected, will take place in the fall. Miss Clifford's father and stepmother returned a few days ago from their winter home in Pasadena, Cal., and the public announcement of the engagement, which had been known for some time to close friends of the young people, was deferred to await their return.

Miss Clifford is the sister of Mrs. Dwight B. Blossom and of Mrs. John A. Saxton.

Her father, who is vice-president of the Edgar Zinc Co., and has large means, has followed the practice, according to his friends, of giving the members of his family checks for large amounts, said to have been \$10,000 in some cases, at Christmas. He has said, regarding these gifts, that he wished to see his children have some of the benefit of his money in his lifetime.

Works in Health Campaign.

Miss Clifford went to the winter home in Pasadena last fall, but returned in the middle of the winter. She has interested herself in the work of the Consumers' League and she is one of the young society women on a committee which is carrying forward the work of cleaning up groceries, restaurants, bakeries and meat markets in the interest of public health. Mrs. Alden H. Little is chairman of this committee, and the work is directed by Mrs. Thomas H. McKittrick, president of the Missouri branch of the National Consumers' League.

Jones is a lawyer, and is the son of William E. Jones, for many years head of the claim department of the Missouri Pacific and Iron Mountain. He is an Ambler graduate, class of 1909, and was secretary in the city campaign of 1913, of a civic organization representing church federations and clubs. When the Board of Freeholders organized last summer he was chosen as its secretary.

GOLD RUSH IS NOW ON

Old Prospectors Are Taking Out Claims in Wyoming.

BELLE FOURCHE, S. D., March 27.—The recent gold discovery just across the line from Belle Fourche, in Wyoming, has caused a rush of old prospectors and investors.

One hundred claims were staked out in one day near a claim where a shaft is being sunk. The shaft is down sixty-five feet into a layer of rock, and the old time prospectors say there are better chances for big strikes in the new field than in the now famous Bear Lodge district, a short distance to the west.

Tents are being erected on the new claims, and it is reported that several shafts will be sunk at once.

Announcement for Tourists Who Want to Go Abroad.

The Royal Mail Packet Steamship Co. agents, Sanderson & Son, 22 State street, New York, announce that the cruising steamer "Arcadian" now leaving New York every Saturday for Bermuda, will call May 2 for Cherbourg and Southampton, spending two days at Bermuda and St. Michael's (Azores) en route. The rate is \$40 to \$45. The "Arcadian" is a twin-screw steamer, fitted and equipped for the conveyance of tourists.

EXPECT END OF THE WOR

In Preparation for It, Adventurists Sell Their Church.

BATTLE CREEK, Mich., March 27.—The local congregation of the Seventh Day Adventists have sold their church buildings to the Chamber of Commerce and will rebuild on a much smaller scale, because they expect the end of the world at any time, and are making no plans for future temporal affairs.

The pastor of the church in a recent sermon predicted that the millennium was close at hand and the sale of the church property is looked upon locally as a sort of self-reeling for the approaching end.

Captain Who Hired J. J. Hill Dies

MINNEAPOLIS, Minn., March 27.—John W. Callender, a former steamboat captain, who navigated the Mississippi River between Wisconsin points and St. Paul before the Civil War, and for whom James J. Hill, when a boy, worked as a freight clerk, is dead. He was 90 years old.

NEW MANICURE PARLORS—THIRD FLOOR

Steinberg's

Olive at Tenth

Fashionable Miss St. Louis

Has come to look to Steinberg's for the newest and absolutely authentic style expressions, and it is quite evident that her requirements are best served at Steinberg's.

THERE is a distinctiveness and a cleverness in the Steinberg misses' and junior apparel that is difficult to describe. In the first place, the styles are created by master designers who have the youthful figure in mind, and there is such a variety that it is apparent that certain modes were expressly designed for misses and juniors of certain ages and, that is the way misses' and juniors' clothes should be designed. The junior who requires a size 13 can hardly wear the same style as the miss of 18, even though the garment be made small enough to fit her.

Coupled with the absolute assurance of correct style, there is the certainty of Steinberg materials being of the highest character and the workmanship of the very best.

It is economy to buy garments of this character, and they cost but a trifle more than the poorly made imitations of the inferior manufacturers.

You will find a splendid demonstration of this fact in the group of

Misses' & Juniors' Suits, Priced \$25.00 & \$29.50

THESE are most recent arrivals, fresh from the best makers of the land, expressing the last word of fashion. There is a score of the cleverest models that you will find—so many of these clever little coats that are trimmed with self and contrasting colors, and all those clever skirt styles—tier, tunics and overskirts.

The materials are serges, gaberdines, crepes, novelty checks and stripes—in all the desired colors, including Benjais, navy, Labrador and French blue; also terra cotta, reseda and hunter's green, black and tango. Junior sizes 13, 15 and 17; misses' sizes 14, 16 and 18.

A number of exclusive modes in Misses' Suits are being shown at prices ranging upward to \$75.00, and considering their high character, they are splendid values. Every new material in every wanted shade is represented. There are several new ideas in bolero and Eton effects, as well as other smart short coat styles. There is a tendency towards the straight full lines, rather than the decided flare—a number of the skirts are made with double and triple pleats, pinnies and flounces.

Misses' Frocks at \$25.00

To emphasize the character of the Steinberg values, we are featuring the Misses' Frocks, priced \$25.00. We want them to serve as an illustration of the exceptional character of the garments at every price upward to \$85.00.

THESE frocks at \$25.00 are made of taffeta and serge combinations, crepe de chine and pussy willow taffeta combinations, and Rodier's Cloth in attractive patterns. There is a wide assortment of trimming ideas and most effective color combinations. Skirts with ruffle and bustle back. The color range is very broad—blue is ever popular and some of the new shades are Hague, Benjais and marine—greens, too, are quite prominent; there is reseda, hunter's and apple green—also melon pink, maize and black. Sizes 14, 16 and 18. Very special values at \$25.00.

Misses' Coats, \$15.00 to \$45.00

CLEVER little coats in taffeta, broadtail moire, golfine, Rodier Cloth, serges, tweeds and mixtures—in tango, green, egg, marine blue, navy and black. Splendid values, priced \$15.00 to \$45.00.

The newest Wash Dresses for misses and juniors are daily arriving.

There is a breath of newness in the fabrics and an exquisite charm to the fashions that will instantly captivate those who appreciate distinction in dress.

Misses' Millinery

The latest Parisian ideas and the Steinberg interpretations—models that are very becoming to the growing miss—all exclusive and distinctive—priced from \$5.00 to \$35.00.

Gloves and Neckwear

The most charming styles in dainty neckwear novelties, also complete lines of best gloves for women and misses are on sale at Steinberg's.

MEN'S NEW SUITS

These Low Prices Are No Measure Whatever of the Splendid Qualities Involved. "Men Who Care" Will Buy Quickly

We are noted for our great clothing operations—for the unhesitating with which we buy in larger quantities—for our great "sales," quick turnovers, etc.—Makers know this—know that our large orders alone often mean the maintenance of their shops running at full capacity at periods that otherwise would be dull.

To their Aggressiveness in Seeking Our Orders Is Due These Full Spring Stocks of Men's Suits at Much Lower Prices Than You Would Expect.

Serges, mixtures and cassimeres, all are here in an assortment so varied, full detailing is out of the question. They are in browns, grays, blues, etc.—they are in plain colors, they are in fancy mixtures, they are in the new pencil striped styles, so popular—they are in sizes for all men.

We specialize at four great popular prices—all styles and sizes at... \$10.50, \$14.50, \$17.50 & \$19.50

Balmacaan Coats The favored coat for Spring wear—here, a full assortment of sizes for men and young men in a noted maker's line—pronounced great values at each of these three prices:

TESTIMONY ON EVALD'S MENTAL CONDITION BARRED

Judge Rules Only Evidence as to Common Law Marriage Can Be Presented.

AFFIDAVITS ARE READ

Indianapolis Man Says Millionaire Introduced Ellen Golden as His Wife.

LOUISVILLE, Ky., March 27.—Efforts on the part of the attorneys for Ellen Golden to bring into the trial of her suit for \$1,750,000 against the Ewald estate evidence as to the mental condition of Louis P. Ewald were checked today by Judge Field, who ruled that Ewald's mentality is not involved in the case and that the only question at issue is whether there was a marriage between Ewald and Ellen Golden.

Witnesses from Indianapolis testified that while Ellen Golden and Ewald were living there, Ewald said Ellen Golden was his wife. Mrs. Henry Lawrence, wife of the president of the Claypool Hotel, said that while they were in the English Hotel Ewald and Ellen Golden came there and that Ewald told her the woman was his wife, but "for private reasons" he was keeping it quiet.

Mrs. Sallie Ganser also met them at the English Hotel. She said Ellen Golden told her Ewald was her brother-in-law and she was amazed when told he was her husband.

The deposition of Mrs. E. E. Powlett of St. Louis, who formerly used the name of Grace Goodwin, was read to the jury.

Mrs. Powlett, according to her statements, suggested to Ewald as he was leaving her home with Ellen Golden that although he was taking "Nellie" (meaning Miss Golden) away, she doubtless would return. Ewald, according to the deposition, turned fiercely upon her and said: "No, she will never return; she is going with me for all time." Ewald's estate was estimated to be worth about \$4,000,000. He willed \$15,000 each to nine brothers and sisters, most of whom live in St. Louis, and the remainder to Ellen Golden's three children, whom Ewald adopted. The woman is suing for a judgment for half the personality and a widow's interest in the realty, aggregating approximately \$2,000,000.

The plaintiff yesterday testified that the alleged common-law marriage between herself and Ewald took place in St. Louis in March, 1900. Prior to leaving St. Louis to take up her home in an exclusive residence section of this city, she lived in Williamsport, Pa., Pittsburgh, Washington, Chicago and Denver.

More than a hundred telegrams containing expressions of affection purporting to have been from Ewald and addressed to the plaintiff under the name of "Mrs. E. J. Seaman," at a Detroit hotel, were read to the jury. The plaintiff admitted she never was generally known as Mrs. Ewald.

Although Ewald operated a large iron foundry here a score of years ago and accumulated several million dollars, he virtually was unknown personally in this city. He shunned even ordinary notice, made only such acquaintances as his business necessitated and took no part in the city's affairs. He spent much of his time in St. Louis and kept most of his banking accounts in that city. It was brought out that he frequently had \$20,000 at a time on deposit in St. Louis banks.

Soon after Ellen Golden came to Louisville in the '90s, evidence at the trial disclosed, Ewald took her name and was known in the neighborhood as "John P. Golden."

The trial of the suit is expected to continue for a week.

RIVER TO BE SEARCHED FOR A MISSING MAN

Tracks to Bridge Give Clue to Disappearance of Ottawa (Ill.) Business Man.

OTTAWA, Ill., March 27.—Plans for a search of the banks and shallows of the Illinois River were made here today in an attempt to discover the whereabouts of I. H. Trowbridge, a business man and former State Representative from Joplin, Mo., who has been missing since March 15.

It was feared that Mr. Trowbridge met death in the river, as tracks were found leading to a bridge.

IRISH SUFFRAGETTES BURN GENERAL'S HOME

Set Fire to \$75,000 Mansion in War on Ulster Leaders Who Oppose Their Voting.

BELFAST, Ireland, March 27.—A suffragette crowd squatted today before the Abbeylands, the country residence of Major-General Sir Hugh Macdonald. The house was occupied only by caretakers. The loss is \$75,000.

The suffragettes threatened recently to start war against the Ulster Unionist leaders because of the refusal of Sir Edward Carson to support the suffrage movement.

SLAPS A THIEF'S FACE

Woman's Companion Also Thumps Purse-Snatcher on Back.

Mrs. Eliza Schaeffer and Mrs. Sunita Harper, residing at 239 Washington avenue, were accosted by a negro purse-snatcher on Garrison avenue, between Locust street and Washington avenue, about 7 p. m. Thursday.

Mrs. Schaeffer slapped the negro's face and Mrs. Harper thumped him on the back. The negro fled.

Millinery—

For Children and Misses

It takes a larger space than ever to show the bright, fresh garden of Misses' and Children's Millinery.

There are pretty creations which are neither hat, bonnet or hood, but a composite of the three.

Many pretty sailor effects and bandeau styles, trimmed and tailored to be set at different angles, \$5

Children's School Hats, of Milan, hemp and peanut braid—all of them with pretty ribbon trimming, and all at the popular prices of

\$1.25, \$1.75, \$1.98 and \$2.25 (Third Floor.)

MOTHERS and fathers who are particular as to the appearance of their little lads and who wish to at the same time practice economy, will Bring the Boys to This Clothing Section for Best Values in Easter Clothes

It is a well-known fact, but we will emphasize it again for there may be a few who do not know it.

The largest stocks of Boys' Clothing are to be found in this Boys' Store. The season's very best styles for juveniles, and more of them than probably any other two clothing stores for boys show.

Here are a number of the groups which we will feature Saturday.

Boys' Blue Serge Suits, with Extra Knickerbockers, \$6.95

Suitable for dress and general service wear. Made of smooth-finished, pure wool serge—in Norfolk and double-breasted styles. Mohair linings and the knickerbockers cut full peg. Come in sizes 7 to 15 years.

MAN WATCHES DOCTOR WHO SEWS UP SCALP

East St. Louisan Refuses Anesthetic as 12 Stitches Are Made, Then Walks Home.

William Welch, 40 years old, resident of Rosemont Heights, East St. Louis, after refusing an anesthetic, calmly permitted doctors to take 12 stitches in his scalp Thursday, walked to a street car, and rode to his home, after his scalp had been severely torn in a railroad accident.

Welch, who is assistant foreman of the car repairing department of the Baltimore & Ohio Railroad, in East St. Louis, was stooping over to remove a timber from under the wheels of a freight car, when an engine unexpectedly jumped into the cars, jamming them together and pinning Welch between them. Both cars were without bumpers, and Welch's head was caught between the timbers on the ends of the cars.

Fellow workmen took Welch to the office of a doctor, where he agreed to have his wounds dressed only on condition that no anesthetic be administered.

Bryan's Llama Couldn't Land, but He Has Another

WILLIAM J. BRYAN'S BABY LLAMA.

Stork Brings Baby to Llama Secretary Brought From South America 4 Years Ago.

OMAHA, Neb., March 27.—Fate, of rather the stork, is kinder to William J. Bryan than is the Government. Last week there was received at New York for Bryan a South American llama. The Government refused to permit the animal to land because it was suffering with foot and mouth disease. It was ordered deported.

But on the day the South American llama was deported a baby llama saw the light of day in Omaha. And the mother belonged to Bryan. By the law of the range, the little fellow now is also the property of the Secretary of State. It is said to be the first baby llama born in this country.

Four years ago, when Bryan was in South America with Gould Dietz of Omaha, the two Americans were presented with a pair of llamas. The animals were brought to Nebraska, and placed in Dietz's private park in Omaha, where they have since remained. The baby born last week is their first offspring.

KODAK CO. AGREES TO SETTLE WITH ANSCO CO.

Court Recently Decided Goodwin Patent Suit in Favor of the Anso.

NEW YORK, March 27.—Representatives of the Eastman Kodak Co. and the Anso company confirmed today that a money settlement, the amount of which they would not state, had been agreed upon in the matter of the Goodwin patent, over which the concerns fought for years until the Federal Court of Appeals recently decided in favor of the Anso company.

The suit involved the use of the Goodwin patent claimed by the Anso company since 1888, and covers all cartridge films, film packs and cinematograph films made by the Eastman company.

It was said that the widow of the Rev. Hannibal Goodwin, who invented the process, would receive a substantial sum as her share of the settlement.

Mrs. Goodwin is 86 years old and lives in Newark, N. J.

PROMINENT ST. LOUIS BUSINESS WOMAN TALKS

Has Made a Personal Test of Plant Juice and Recommends It to Others.

Among the prominent women of St. Louis who have publicly endorsed Plant Juice, none are better known than Mrs. Lulu Mason, who has a large apartment and rooming house at 2941 Washington avenue. Mrs. Mason came to St. Louis in 1902 and is known as a conservative, efficient business woman. She said: "I was full of malaria and badly run down and debilitated. I had no energy and was tired all the time. I needed a good tonic to build me up and Plant Juice has filled the need. The results in my case have been all that I could ask. I consider Plant Juice a great remedy."

Hundreds of the best known citizens of St. Louis have publicly endorsed this great remedy. If Plant Juice were other than the great remedy it is claimed these men and women of known integrity and honesty would not endorse it. Those who suffer from malaria and a general run down and debilitated condition, nervousness, low vitality, feel tired and worn out, with no energy or ambition, sleep badly and wake up listless and languid, with coated tongue, putty eyes, no appetite, and a general grouch, will find sure relief in Plant Juice. For sale at Wolff-Wilson's Drug Store.—ADV.

McKnight to Give Away Belts at Spring Opening.

As an inducement to order your new spring suit that you may want to wear on Easter day, the McKnight Tailoring Co., 414 N. Sixth street, will give away belts for trousers. Now that winter has gone and the ground hog has come out of his hole a belt is necessary. Suspender must be cast away with your old winter tops. And besides this offer, the McKnight Tailoring Co. has an array of various varieties in shades and colors and weaves, with prices to suit any kind of an income. Mr. McKnight spent two months in England and New York selecting the finest goods for St. Louisans to purchase this spring. At the spring opening popular prices will prevail.

CONFESSES HE LURED MAN TO DEATH BY "AD"

Seattle Prisoner's Notice Called for Unemployed Men With About \$150.

SEATTLE, Wash., March 27.—Ray Morehead, who was arrested yesterday, confessed to the police that he had lured his death. Everett C. West by means of this newspaper want advertisement: "Wanted—Unemployed man between 20 and 25. Must have about \$150 to cover cost of horse, saddle, blankets and equipment and be ready to leave Seattle at once."

Upon the advice of the landlord of his hotel, West, who answered the advertisement, changed the cash he had into travelers' checks before he kept an engagement with the advertiser.

When West failed to return to the hotel, the landlord notified the police and told of the venture West had been considering. This led to Morehead's arrest and West's valuables were found in his possession, the police said.

Saturday—we offer twenty distinctive styles in

Pretty Washable Waists

Special at 90c

THAT these are not the usual 90c qualities is shown by the fact that other stores in this city are showing the same styles at considerably higher prices.

They come in a great variety of volles, crepes and lingerie fabrics—daintily trimmed with laces, embroideries, etc.—several styles in pompadour effects in stripes and trimmed in combination colors as these Waists have just been received from New York, they embody the very latest style features and will be found the most pleasing values that have been offered in many a day.

Handsone Spring Waists at \$1.98, \$2.98 and \$4.98

CHARMING styles in Crepe de Chine, China and Habutai Silks and Chiffon styles suitable for every occasion—almost our entire First Floor is devoted to Waists at these special prices.

New Arrivals in Spring Skirts

RECENT arrivals—including the much-wanted lighter colors, will go on sale tomorrow at \$6.90—they come in the newest fabrics in light stripes, checks and solid colors—including tango, green, wood and tan shades—the styles are extremely attractive and will be found very unusual values at this special price.

\$6.90

Spring Skirts at \$4.95

Many new styles—including reproductions of higher-priced models in crepe, serge and granite cloths—in all sizes and in all the new colorings as well as black.

Silk Dress Skirts at \$12.95

Many of these were formerly priced up to \$18.00—they come in fallo silk, crepe de chine, cascadeaux, taffets, moire and charmeuse silks—about 80 skirts in all—and they will go fast at the reduced price we name.

New Spring Coats \$7.50

Exactly as illustrated—Saturday.....

TOMORROW we place on sale 100 handsome Spring Coats—in the exact style as illustrated—they are made of imported mixtures, waffle and striped fabrics—all handsomely trimmed—and a bargain worth coming for.

Sale of New Street Hats \$2.00

SATURDAY—A sale of about 300 handsome little Hats, suitable for street wear—styles and qualities that regularly would sell from \$6.00 to \$7.50—while they last.....

Our New York Buyer secured this special lot of pretty Hats for us at a decided concession in price—and tomorrow you may share in the saving—there are fully 25 styles in all the new colorings as well as black—every one a real bargain at the price we name, \$2.00.

About 50 dozen Untrimmed Hats at..... **95c**

Untrimmed Hats in the newest styles and in all the new colors as well as black—values up to \$3.00.....

Has This Ever Happened to You?

Have you ever paid \$25.00 for your Spring Suit in April and May—and then along in June and July have seen the same suit in the same store marked down to \$18.00 or \$15.00? There's no difference in the clothes, they are exactly the same. The difference is in the price alone. When you pay \$25.00 in season, you simply paid \$10.00 extra for expenses—and you lost that \$10.00, and don't you forget it.

But we cut that \$10.00 off right now at the very beginning of the season—one set price all the year round. We make our purchases at more advantageous times, and that is why a guaranteed—for two full-season's \$25 Suit \$15 here only.

BARONESS ASKED TO BE SPECIFIC IN \$2,500,000 SUIT

Hurley Moves in Court That She
Name Witnesses to His
Promise to Marry.

'HER ALLEGATIONS VAGUE'

He Wants to Know in What
Bank He Placed \$10,000 to
Woman's Credit.

Michael J. Hurley wants to know. The Baroness Ursula von Kalnowski of Wiesbaden, Germany, having sued him for \$2,500,000, alleging breach of promise to wed, he would like her to set forth when and where and how, and in the presence of what witnesses any proposal was made.

Hurley is secretary of the Central Paint and Supply Co., with offices in the Railway Exchange Building.

If, as the Baroness alleges in her petition, he agreed to meet her in Wiesbaden Aug. 1, 1912, and lead her to the altar, he desires that she be made to say whether this agreement was made orally or in writing.

Through his attorney, W. Christy Ryan, late Thursday afternoon, Hurley filed a motion in the United States District Court in St. Louis asking that the Baroness be required to make her petition more specific.

Says Petition Is Vague.
Without attempting to reply to any allegations in the Baroness' petition, Hurley asserts in legal phrases the petition is vague and indefinite and that it is so uncertain and general that it gives him no opportunity to make an adequate answer.

In his motion Hurley sets forth that the Baroness charged that, in the presence of witnesses, on July 27, 1912, he promised to marry her and that on the same day, also in the presence of witnesses, he gave a betrothal dinner at the Continental Hotel in Paris and announced the engagement to his guests.

This clause in the petition, Hurley says, is vague and indefinite because it does not name the witnesses in whose presence the promise and announcement are alleged to have been made.

Another of the Baroness' allegations is that Hurley requested her to go to her home in Wiesbaden and promised that he would join her there for the wedding. The motion asks that she be made to say whether Hurley merely told her this or made the promise in writing. The motion adds that Hurley doesn't know, and would like to be enlightened on this point.

Demands to Know Details.
As to the Baroness' allegation that in August, 1912, Hurley notified her that he couldn't keep the engagement because his business called him to Rio Janeiro, Hurley demands to know whether this notice was verbal or in writing.

He asks for the same specific information as to the Baroness' assertion that he told her to pick out a home in Wiesbaden and promised to marry her on his return from Brazil.

In her petition the Baroness said that Hurley sent telegrams to her from the United States. He asks that she be made to say from what part of the United States the messages were sent.

Another allegation was that after her arrival in the United States, Hurley wired her that he was ill in a hospital, and that at the same time he sent her \$2500 for expenses and falsely represented to her that he had placed \$10,000 to her account in a bank. Hurley wants to know from where and to what address the message was sent, in what form the \$2500 was forwarded and in what bank the account to her credit was alleged to have been opened.

It was alleged by the Baroness that in following Hurley from her home in Wiesbaden to cities in Europe and America she had expended \$100,000 for a trousseau, for traveling expenses and hotel accommodations. Hurley asks that she be made to itemize these expenses, showing what was the trousseau expense, what the traveling expense and what the hotel bill.

The Baroness alleged that shortly after her arrival in New York on his trail, Hurley met her in New York and gave her the impression he would marry her within 15 days. He asks that she tell what he said or did to give this impression. He also wants to know in what way he caused her to be held up to public ridicule, as she alleged in her petition.

Well Secures Merchandising Triumph.
The Well Clothing Co., northwest corner of Eighth and Washington avenues, announces the purchase of five prominent Eastern manufacturers' stocks at very advantageous savings. These extensive purchases are typical of the aggressive methods which have made this house one of the city's leading clothing establishments.

Mr. Max Well, president of the concern, says that these purchases were the most advantageous of his 30 years of buying experience and that it is his intention to give the public full benefit of the money saved.

Carried from Bed to Wed.
JANESVILLE, Wis., March 27.—Rather than have her wedding postponed, Miss Nellie McDermott was carried from her bed at Mercy Hospital to the little chapel room where Ernest Louthian awaited her, and they were married by Father W. A. Goetz.

She was then carried back to her bed, to remain for at least a week. For months the date had been set, Miss McDermott was suddenly taken ill some weeks ago.

BOUGHT AT CASH SAVINGS OF FULLY ONE-THIRD

The most fortunate circumstances of our merchandising experience allow us to present to you, right at the start of the Spring season, finest apparel for men, young men and boys at savings to YOU of one-third. **HERE ARE THE CIRCUMSTANCES**—95% of the retail dealers from coast to coast contracted for this Spring's clothing last October (6 months ago). In the meantime conditions radically changed—the unusually mild Winter weather blocked the sale of Winter-weight merchandise, and the capital of many merchants was tied up in such a way that they were only able to accept parts of their Spring orders, leaving the market overstocked with new Spring clothes.

Three weeks ago we closed deals with 5 leading Eastern manufacturers, consummating the cream of their new Spring stocks of finest clothes for men, young men and boys at big cash discounts. We are going to share the savings of this triumph with the people of St. Louis. Visit this store tomorrow and choose from an "Unparalleled" selection of the season's newest clothing. No matter what you expect to pay or how fine the style and quality you desire, it is your duty to come **HERE and SEE.**

A Big Purchase Makes It Possible

We ought to be crowded to capacity tomorrow, and don't forget to be for tomorrow only—positively not on sale Monday.

You can't keep sensible men away from an opportunity to save \$10.00 to \$15.00.

I'd starve to death if I had to depend upon the new business from this ad.

It's my friends that know Croak values, who bought last year, or some for twenty years, who come back again and again, and bring their friends, that make these values possible.

I know that when I make this announcement for one day only, and say that this special purchase represents suits that were made to sell for \$25.00 to \$35.00, I'll keep every salesman on my four floors busy, as well as myself. I'm always here to wait on you personally.

A mere ad cannot convey the exceptionalness of this special—seeing always was believing, so see for yourself.

I've got all the newest styles and fabrics. Yes, and I can fit fat men and tall men.

BRITISH CABINET BEGS TWO ARMY OFFICERS TO STAY

Premier Asks Generals French and Ewart, Who Resigned, to Reconsider.

KING GEORGE PERTURBED

Returns From Visit in Country and Asks Name Be Kept Out of Fuss.

LONDON, March 27.—The resignations of Field Marshal Sir John French and Lieutenant-General Sir John S. Ewart, had not yet been withdrawn, and Premier Asquith, after deferring his statement twice, was able to announce in the House of Commons, this afternoon, only that the Government still was awaiting the reply of the army officers to the Cabinet's request they remain in their posts.

Premier Asquith went from the House of Commons straight from the second of the two Cabinet meetings today, both of which were attended by the Chief of the General Staff, Field Marshal Sir John French.

The Premier said matters in the question involved great complexity and difficulty, and seemed to the Government to require very full consideration. A partial or provisional statement would be unsatisfactory.

Sir John French and Lieutenant-General John S. Ewart, the Adjutant-General of the forces, had intimated a wish to be relieved of their offices, Mr. Asquith said, not because of any difference between their views and those of the Government as to the conditions under which the army should serve or should be employed in the aid of civil power, but having issued the memorandum to Brigadier-General Gough, they thought this course incumbent upon them.

Premier Asquith then added: "The Government has conveyed to them its wish that as there is no difference of opinion on any ground or policy they should not persist in their request, the carrying out of which the Government would regard as a serious misfortune to both the army and the state. We are still awaiting their final reply."

"These two gallant officers believe that in the circumstances they were justified in believing their action was in accordance with the instructions of the Cabinet, and that they were transmitting those directions to the officers concerned."

"It is clear to us and to them that there has been a misconception—a genuine misconception—in regard to the intention and purpose of the proceedings in Ireland out of which these difficulties have arisen."

"In view of these misconceptions, and to obviate the possibility of their recurrence in the future, the Army Council, Field Marshal Sir John French and Lieutenant-General Sir John S. Ewart being present, has today unanimously determined to issue a new army order."

The two Generals today seemed determined not to withdraw their resignations, as they considered they had received a rebuff in the Government's repudiation of the guarantees which they gave to Brigadier-General Gough that officers would not be required to fight their countrymen in Ulster.

King George has returned to London after his two days' visit to Lord Derby at Knowlton, Lancashire, in a state of the greatest perturbation because of the public reference made in Parliament and in the press to his interference in the army crisis. There has been no such outburst against a British monarch for nearly a century, and George V has been enough to see in it a portent not to be ignored.

King Wants Name Kept Out. It is said that as soon as he read of the demonstration provided in the House of Commons on Tuesday by John Ward declaring that "Parliament will brook no interference from the King or the army," His Majesty dispatched an express to London with a letter to Prime Minister Asquith begging him to see that his name is kept out of the controversy.

The letter appealed to Asquith to stay within the strict limits of the Constitution in everything that he happened since he came to the throne, and he bitterly complained of what His Majesty regards as the unfair attack of the Labor party.

As the result of this appeal, Premier Asquith and War Minister Seely told Parliament yesterday the King has acted with all propriety.

HOME HUNTING IS NOT A LIGHT MATTER TO THOSE ENGAGED IN IT!

So much depends on the finding of the right place to buy that, with most people, the selection of a home stands out as the most important business transaction of their whole lives. This gives to ALL REAL ESTATE ADVERTISING an interest that is peculiar and apart. The home-seeker reads your real estate ad EAGERLY, with the hope strong within him that YOUR OFFER is the one he has been waiting for!

But one more essential. The medium to reach the right persons. In St. Louis and suburbs the Post-Dispatch circulation assures your offer the widest publicity.

For Freckled, Rough or Spotty Complexions

The freckling, discoloring or roughening to which delicate skins are subject after exposure to wind or sun, often appearing in early spring, may readily be gotten rid of the face before retiring and removed in the morning with soap and water, completely peels off the disfigured skin. Get an ounce of the wax at any drugstore. There's no more effective way of banishing freckles or other cutaneous defects. Little skin particles come off each day, so the process doesn't wear! Unobtrusively mar the complexion, and one soon acquires a brand-new, spotless, gloriously beautiful face. Winkles caused by weather, worry or illness are banished by a simple solution of powdered azoosine. The face is solved in 1/2 hr. with hazel. Bathing the face in this produces a truly marvelous rejuvenation.—ADV.

Beans That Grew Underground and Milkweed, Used in Stew, to Be Grown.

Special to the Post-Dispatch.

OMAHA, Neb., March 27.—That the story that Indians may not be forgotten by future generations of red men, when these latter become thoroughly civilized, and that they may know something of the hardships against which their ancestors struggled before coming of the white men, the Omaha Indian tribe is preparing to perpetuate the animals and plants upon which they subsisted in their wild life and to that end these Indians are soon to set aside a portion of their big reservation for use as an Indian park wherein nothing of the white man will intrude, but where everything of the Indian will be found. The Indians have virtually lost track of the plants and vegetables in general use among the tribe, even as late as a single generation ago, but scientists connected with the Nebraska State Historical society are prepared to give them a complete list of the plants and to furnish them with seed of nearly every thing they formerly used. Under Secretary Payne, of the society, these scientists spent years in completing their collection, gathering seed and learning in just what manner the Indians prepared the plants for their tables.

Chiefs in Favor of It.
The reservation of the Omaha Indians is on the Missouri River, miles north of Omaha. It contains some of the best land in the state. Members of the tribe hold their lands in severalty, the allotment having taken place several years ago.

Recently the Historical Society proposed a portion of the reservation be set aside as an Indian park. The chiefs favor it.

Buffalo, elk, deer and other animals will be collected and maintained in a sort of zoo. Old-time plants also will be grown there again.

Contrary to the general belief that the Indians lived almost altogether on meat and corn, they had a variety of vegetables, the Nebraska State Historical Society having listed 72 plants used by the Omahas for food, medicine, ceremonial and perfume. Gardening always was done by the squaws, while the warriors followed the chase and furnished the meat.

Corn was, of course, the great staple, but the ears bore small resemblance to the \$1000 prize ears of the modern corn show. Indian corn was small and the kernels were purple and flinty. From it was made, in addition to bread, hominy and several other combinations.

Instead of asparagus, the Indians used milkweed. There were wild peas, a bean which grew under the earth, watermelon, squashes, wild onions, wild strawberries, and buffalo berries.

A vegetable that served for the present-day potato was dug from the roots of the pea vine and there was a large white bean, similar to the cultivated lima bean. It, however, grew beneath the surface. Field mice were fond of it and stored large quantities. The squaws then searched out these storehouses and robbed them.

In preparation for winter, the Indians crushed choke-berries and pressed them into cakes. The roots of a sunflower were treated in like manner.

There also was a peculiar tobacco. The Indian plant resembled but slightly the cultivated burley of Kentucky and Virginia. It was a small plant, from 12 to 18 inches high, with leaves from one to three inches long and half an inch wide. In flavor it was much milder than the cultivated weed. This plant virtually has disappeared, but several years ago a few specimens were found among the Indians of North Dakota. They were brought to Nebraska and this year there was sufficient seed to produce 500 plants.

Grandfather Saves Babe.
VANCOUVER, Wash., March 27.—L. Nicholson, 81 years old, arrived at the home of his son, F. E. Nicholson, who lives 10 miles from here, just in time to save his little granddaughter, Ruth Nicholson, 3 years old, from drowning.

Mr. Nicholson walked from the depot here to his son's house. Just as he was opening the door Ruth fell from the porch into a rain barrel. Mr. Nicholson saw her disappear and pulled her out.

Rats Attack Two Boys.
NEWARK, O., March 27.—George Glausinger and C. E. Broome, 8-year-old boys, were severely bitten by rats in a barn here.

The Glausinger boy reached his hand into a manger. A rat snapped at his hand, severing an artery. When the boys tried to kill the rat it was joined by others. The boys eventually were compelled to flee into deep snow where the animals could not follow them.

Riderless Horse Landed.
HACHITA, N. M., March 27.—The troop horses which it was believed had been stolen from Lieut. Hunt by Mexicans nearly all have been recovered. They were not stolen. Led by a troop horse raised in this section, the riderless cavalcade broke loose unaided and headed without a stop to a patch of grass and cool water 15 miles away. They were found grazing luxuriantly.

Musical instruments displaced by larger or more expensive ones are offered at small cost through the Post-Dispatch Musical columns.

Flight of Old Homesteader.
ROSEBURG, Ore., March 27.—H. L. Acker, a settler of the Upper South Umpqua country, who has lived on his claim for 29 years almost continuously, has been refused a patent owing to the

fact that he did not file his intention soon enough. Acker has cleared many acres, raised stock and cattle, and makes Acker Butte ranch his home. He intends to squat on the land as long as he lives, and he is now an old man.

Uses 113-Year-Old "Specs."
ATCHISON, Kan., March 27.—A pair of spectacles 113 years old is in the possession of J. R. Signor, a mail carrier of this city. They have a square frame and adjustable ear pieces. The spectacles were the first worn by his grand-

mother, Mary Tilford, who lived in West Chester County, Pa. Mr. Signor uses them frequently. The frame is made of uerman silver.

WHAT SHALL I GIVE HER?
A diamond ring, of course, from Leftie Bros. & Co., 14 floor, 308 N. 2nd st. Right month to say.

She Wins Haircut and Shave.
ORTLEY, S. D., March 27.—At a recent farmers' institute here business men offered prizes for various exhibits. The village barber offered a \$1 bottle of shampoo liquid for the best exhibit of popcorn and a shave and haircut for the second best. Mrs. L. French won the second prize.

A Lost Art Regained

With the introduction of big distilleries—swifter methods—mechanical processes—increased output—the art of making quality whiskey suffered. But for fifty years

Brook Hill Special Reserve BOURBON

has been made down in Nelson County, Ky., by the old-fashioned, hand-made, sour mash method and copper distilled. Thoroughly aged in wood, it is then stored away and specially reserved for those who appreciate real whiskey.

Try it at your favorite bar or club—take a bottle home, you will experience a new meaning to whiskey quality.

See that the words "Special Reserve" are written in red ink across the label.

EXPLOSION KILLS CHEMIST TRYING TO MAKE RUBBER

Man Beside Him Uninjured—
Doctor's Wife Lost Life in
Same Laboratory in Sep-
tember.

NEW YORK, March 27.—Clifford D. Meeker and George Titus, chemists, were at work yesterday in the laboratory of Dr. Louis Gottschalk in the rear of the Gottschalk home at Sewaren, a suburb of Amboy, N. J. They were experimenting in the making of artificial rubber.

The men were standing close together when there came an explosion. Meeker's body was hurled through a window and he was killed instantly. Titus was not even injured.

The same sort of explosion occurred in the laboratory on Sept. 15 last when Mrs. Eva Gottschalk, wife of Dr. Gottschalk, was killed. Dr. Gottschalk then was trying to make artificial or synthetic rubber, and his wife, a chemist and holder of several scientific degrees, was interested in his experiments.

The day before this first explosion Dr. and Mrs. Gottschalk set out four of the big steel tanks containing chemicals. To each was attached a temperature gauge. The experiments were expected to prove successful in case the temperature of the mixture of chemicals did not rise above a certain point.

Dr. Gottschalk reported early next morning that the temperature of the chemicals was just normal. This delighted Mrs. Gottschalk and she ran to the laboratory to see for herself how the gauges stood. The explosion occurred and she was killed as she entered the room.

After the death of his wife Dr. Gottschalk turned his experiments over to his son-in-law, Titus, and he and Meeker took up the attempts to produce artificial rubber. They had worked night and day and there was reason to believe they had made material advancement and soon would prove it to be commercially valuable. The explosion is believed to have been due to the same combination of chemicals that caused the explosion of last September.

B. F. KEITH, VAUDEVILLE MAGNATE, DROPS DEAD

Dies at Palm Beach on the 25th Anniversary of the Opening of His Boston Theater.

PALM BEACH, Fla., March 27.—On the twenty-fifth anniversary of the opening of his Boston theater, which was being celebrated last night in that city, B. F. Keith, owner of the theater circuit bearing his name, and the first man to establish "continuous performances," dropped dead at midnight here in the Breakers Hotel, where he was stopping with his bride and Paul Keith, his son. Death was due to valvular heart disease.

Keith was in his room discussing the growth of vaudeville as evolved from the start he gave it in 1883. His son suggested he rest and continue the conversation in the morning. Then he stepped from the room. When he returned he found his father dead.

LIONEL CARDEN CANCELS PASSAGE TO NEW YORK

British Minister to Mexico Now Expected to Be Sent Directly to Brazil.

LONDON, March 27.—Sir Lionel Carden, British Minister to Mexico, today canceled his passage on the Madeira, on which he was to sail from Liverpool tomorrow for New York on his return to Mexico City.

It is understood there is a possibility of Sir Lionel going on to Rio de Janeiro to take up his post as Minister to Brazil, instead of returning to Mexico. Nothing, however, has been definitely decided as to his future movements.

The only statement the Foreign Office would authorize, was that no date had been fixed for Sir Lionel's return to Mexico City.

ANONYMOUS LETTER COSTS SALOON LICENSE

Excise Commissioner Anderson Friday revoked the saloon license of K. Kiesel, 143 Madison street.

The revocation was issued as a result of an anonymous letter received by the North Market Street police, March 15, in which complaint was made of disorderly conduct in the saloon. Four policemen raided the saloon at 10:30 that night.

In their report they stated they had found a woman at the bar with a glass of beer in her hand, and that upon their entrance she ran into a rear room, where they found two women drinking with five men.

DROPS FROM 24TH FLOOR

NEW YORK, March 27.—Robert M. Friedman, a civil engineer, fell or jumped today from the twenty-fourth floor of the new Municipal Building, landed on the cornice of the twelfth floor and was killed.

Friedman was well known in engineering circles in New York and was a graduate of the University of Berlin.

Memorial for Dr. John Green. The Washington University Medical School will hold a public memorial in honor of the late Dr. John Green in Graham Chapel, Washington University, on Dr. Green's birthday, April 2, at 8:15 p. m. NEIGHBORS CAUSE ARREST

Mrs. August Brutsch, 42 years old, of 461 Greer avenue, was taken to the observation ward of the city hospital Thursday night. Her neighbors complained she whipped their children on

the streets, and had been acting strangely for several months. She recently put a big sign in front of her house, offering a reward of \$5 for the capture of the person who had "been passing about a complete lie" about her. Recently she wrote a letter to Samuel

B. McPeeters, President of the Police Board, asking for help to catch the author of the alleged lies of which she complained.

HERE'S HOW TAFT LOPPED OFF 75 POUNDS OF FAT

Former President Tells Massachusetts Heavyweight Mayor How to Reduce.

Special to the Post-Dispatch.

CAMBRIDGE, Mass., March 27.—Mayor J. Edward Barry of Cambridge will tomorrow start on the diet recommended by former President Taft. He expects to reduce his weight of 250 pounds. In reply to a letter from Mayor Barry, Mr. Taft wrote:

"I have lost 75 pounds since March 4, 1913. My diet has not been severe. I have not drunk a great deal of water; not more than a glass at each meal. I have given up bread and toast and all farinaceous food—all butter and fat—replaced my meat by beef and mutton and fowl and eschewed pork and veal. I have omitted fat fish, like salmon, and have taken no sweets of any sort. You can eat all vegetables except potatoes, and fruit that does not contain too much sugar.

"You ought to take moderate exercise every day. I have tried to play a game of golf or walk four or five miles each day. You ought not to lose too rapidly because it is likely to injure the muscles of your heart if you do. Above all, you ought to be examined by the best physician you can get. Don't get a quick. Don't do anything except under the observation of a physician. Consult him every 10 days or two weeks.

"If he will allow you to pursue this diet and you stick to it, I think you will reduce your flab. Sincerely yours,

"WILLIAM H. TAFT.

"P. S.—I don't smoke or drink intoxicating liquors."

LEUT. GEORGE E. TURNER of the Coast Artillery Corps, U. S. A., and Mrs. Turner have returned after an absence of four years and are stopping at the Westmoreland Hotel. They were accompanied by Lieut. Turner's mother and sister, Mrs. John W. Turner and Miss Blanche Turner, who have been with him in California most of the winter. While on duty in the Philippine Islands in the autumn, Lieut. Turner dislocated his hip and returned to the States on "sick leave." He has almost recovered and will rejoin his regiment at the end of his leave.

Mrs. Ford W. Thompson of 5540 Berlin avenue has returned from New York, where she was the guest of Mrs. De Lancey Nicoll. She also visited her parents, Mr. and Mrs. Spencer H. Gale, who have been living there for the past two years.

Mrs. Julia Hurt of Kansas City, Mo., is the guest of her daughter, Mrs. J. Benoit Carion, and Mr. Carion of 484 Westminister place.

Mr. and Mrs. John H. Carroll of 545 Delmar boulevard are in Baltimore, where they are spending a fortnight with their daughter, Mrs. Philip H. Lank, who was formerly Miss Frances Carroll.

Mrs. Frederick M. Crunden, formerly of St. Louis, will arrive early next week from New York to visit Mrs. Theodore C. Link of 528 North Spring avenue.

Mr. and Mrs. Ewing Hill Jr. of the Kingsbury apartments and Mrs. Frederick R. Hattersley, who has been their guest, have returned from Palm Beach, where they spent the winter.

Mrs. Louis T. Maguire of 1870 Longfellow boulevard has returned from a visit to her sister, Mrs. Alvin B. Nichols, and Mr. Nichols, in Cleveland, O., where they went two years ago from St. Louis to live.

LIVED WITH HEART ON RIGHT SIDE AND ONE LUNG

Man With Organs in Abnormal Position Healthy Up to Time of Death at Age of 21.

GREENVILLE, Pa., March 27.—That a person can live a well-ordered, healthy life, even though he has but one lung and his heart is on the right side, was proven here today, when a post-mortem examination was made on the body of Charles F. Gordon, aged 21, who died yesterday of pneumonia. Gordon, according to his relatives, was rarely if ever ill. Physicians who attended him said his death was due to pneumonia.

The post-mortem examination developed from evidence that Gordon had never had but the one lung. Both the lung and heart were on the right side of Gordon's body.

After the examination had developed the abnormality of Gordon's vital organs, the physicians admitted that his death might have been caused by the disarrangement of the heart and absence of one lung instead of pneumonia.

On an Extra Pair of Trousers.

One of the newest tailor shops that has been opened within the past few months is that of the Modern Tailoring Co., 307 North Eighteenth street, opposite the Marquette Hotel. The new shop offers an extra pair of trousers with every suit or suit that is ordered to measure Saturday. Mrs. William H. Hattersley is manager of the St. Louis house. The company operates in New Orleans, Mobile and Vicksburg. The stores make a specialty in blues, grays and browns.

7 ST. LOUISANS AMONG 34 INJURED IN WRECK

None of Them Dangerously Injured in Frisco Train Collision at Maney Junction, Ok.

FORT SMITH, Ark., March 27.—Thirty-four persons, of whom seven were St. Louisans, were injured yesterday when a through Frisco passenger train collided with a local train at Maney Junction, Ok. The injured, who were

taken to hospitals in Fort Smith and Oklahoma City, are not dangerously injured.

The St. Louisans, whose injuries consisted mainly of bruises, were: Fred D. Stokes, 222 Walnut street; John Spencer, 210 Lawton avenue; Edward Steele, 337 Delmar boulevard; Walter Howard, 3023 Lawton avenue; W. F. Wallace, 1365 South Thirteenth street; Arthur Pierce, 138 Shawmut avenue; and N. M. Morris. The local train had stopped and the through passenger train struck it after rounding a curve. The latter was running 15 miles an hour.

BUBONIC PLAGUE KILLS FOUR HAVANA RESIDENTS

First Mortalities Since Outbreak of Disease Followed by Rumors of Quarantine.

HAVANA, Cuba, March 27.—A boy and three Spaniards who were found to be suffering from the bubonic plague yesterday, died today and another Spaniard is not expected to live. These are the first deaths since the outbreak of the plague.

The sanitary authorities are flooding the streets of the infected zone with disinfectants in an effort to exterminate fleas and rats. Something approaching a panic prevails among tourists owing to a rumor that Washington intends putting a rigorous quarantine in force. Dr. Wilson, the local representative of the United States Public Service, has cabled to Surgeon-General Blue for instructions concerning suspects.

PENNSYLVANIA ROAD TO DISMISS 15,000 EMPLOYEES

40,000 Others to Be Laid Off and 51 Trains Discontinued; Dividends Reduced.

PHILADELPHIA, March 27.—The retrenchment policy recently announced by the Pennsylvania Railroad is being put into operation. Ten trains on the Philadelphia division and four trains on the New York division will be discontinued. Alto-

gether 51 trains will be discontinued on the 13 divisions in this section. Numerous other changes also will be made.

The retrenchment policy will affect various departments of the service. Altogether 15,000 of the 148,000 employees of the corporation will be dismissed and of the remaining 133,000 employees, 40,000 will be laid off. This lay-off is the largest since the panic of 1907. At the Altoona shops orders to lay off 1350 men have been issued. Among the changes this was an-

nounced: That hereafter the dividend on the preferred stock should be 4 per cent and on the common stock 3 per cent. Heretofore the dividend has been 5 per cent on each class of stock.

Negro Robber Chased From Store. A negro was trying to get into the grocery of J. G. Flanagan, 28 South Sixteenth street at 12 m. Friday, when two patrolmen approached. The negro fled toward the railroad yards and the policemen pursued, firing several shots. The negro escaped.

Opening Display of Hart Schaffner & Marx Clothes

YOU will want to see this extraordinary display of fine suits we have here this season for men and young men. Mississippi Valley Trust Company Has Paid Depositors More Than Stockholders

Seven Million Dollar Interest Payments Exceed Dividends by \$314,000

From its organization to Feb. 28, 1914, the Mississippi Valley Trust Co. has paid \$7,158,543 in interest to its depositors. It has paid only \$6,843,729 in dividends to its stockholders.

This means that depositors have received \$314,814 more of the Company's earnings than stockholders. And deposits, remember, were gained and held by Safety first, Good Service second, and interest only third.

Duffy's Again a Life Saver

Here's a woman who grew weaker and weaker until chance led her to try Duffy's Pure Malt Whiskey, and it came to the rescue, as it usually does. But read what she, herself, says:

MRS. H. COOPER.

"I wish to announce what Duffy's Pure Malt Whiskey has done for me. Some time ago I had a very bad attack of dysentery that lasted two months. I went to my doctor and he gave me powders and medicine, but it did me no good as I grew weaker and weaker—made me think I was getting consumption of the bowels. I had tried the best of brandies with no result, but good luck wanted it that my eyes fell on a Duffy's Pure Malt Whiskey ad in the evening paper. I looked over it carefully and saw it was good for weak bowels—I at once bought a bottle, and before it was half used I felt it was doing good. To make sure, I finished the bottle and I was myself again. I cannot praise Duffy's Pure Malt Whiskey enough for what it did for me. It is also good for indigestion and nervous neuritis. Duffy's Pure Malt Whiskey was my life savior."—Mrs. A. Cooper, 2340 Putnam Av., Brooklyn, N. Y.

Duffy's Pure Malt Whiskey

is one of the greatest strength builders and tonic-stimulants known to science. Its palatability and freedom from injurious substances render it so it can be retained by the most delicate stomach. Overworked men, delicate women and sickly children will find in it the health and strength-giving properties so necessary to them. It strengthens and sustains the system; is a promoter of health and longevity; makes the old feel young and keeps the young strong and vigorous. Recognized as a family medicine everywhere. The gentle and invigorating properties of Duffy's Pure Malt Whiskey influence for good every important organ of the body. "Get Duffy's and keep well." Sold in sealed bottles only by most druggists, grocers and dealers, \$1.00 a large bottle. Avoid substitutes and "just as good as" and insist on the genuine Duffy's. Medical booklet and doctor's advice sent free.

ST. LEO ALTAR BOY KILLED BY FALL IN CHURCH AREA-WAY

Skull of Grocer's Son Fractured While Playing at Church Before Rehearsal.

PLAYMATES PALLBEARERS

Father at Side When He Dies, but Youth Does Not Regain Consciousness.

Edward Nieters, 11 years old, son of George J. Nieters, a grocer, 270 Madison street, while playing at 2:30 p. m. Thursday with about 20 other boys, lost his balance and fell into an arca-way 15 feet deep at St. Leo's Catholic Church, Twenty-third and Millipenny streets. He died in an hour and a half. The funeral will be Saturday at 3 p. m. and eight of the altar boys, who were at the church at the time of the accident, will be pallbearers. Nieters and the score of other altar boys were gathered in front of the church awaiting the return of the Rev. Father J. R. Morgan, assistant pastor of St. Leo's. All were participants in the rehearsal for an Easter Sunday celebration to be given at the church. Father Morgan was in charge. Nieters had left the main party and was looking into the arca-way, which has no railing. A stone curbing a foot high flanked it. He lost his balance. Father Morgan returned about that time and he carried the injured boy to his room. A doctor found the boy's skull was fractured at the base. Father Morgan administered the last sacraments before death. One of the lad's playmates ran to the home of George J. Nieters, the father. The parent went to the church. His son did not regain consciousness. Edward was one of six children.

LAWYER HELD ON CHECK CHARGE KICKS ON CELL

"It's a Tough Place," He Tells Officer After Sleeping on a Bench.

Hermas Franche, lawyer, held on charges of passing worthless checks, slept in the Central District Police Station Thursday night on a bench, and complained of the lack of bed clothing. "It's a tough place," he complained to a detective sergeant, when he was assured that he was getting the same quality of accommodation as the other prisoners. No one appeared during the night to arrange bond for Franche. When his young wife called at the station Thursday evening, he advised her to go to her parents in Cleveland and to tell them he was "transacting some business" and would join her later. She said her family would know what had happened from the newspapers, and that she did not care to tell them any misleading story.

TWO MEN ACCUSE A THIRD

One Out, Other Beaten With Chair They Tell Police.

Crane Gentry of Sixth street and Park avenue is being sought by the police on two charges of felonious assault. Frank Hilbert Jr. of 121 South Fourth street reported that Gentry called at his home at 10 p. m. Thursday, and cut him on the hand. Two hours later William Miller, 804 South Third street, reported that Gentry had struck him on the head with a chair. Hilbert and Miller said their refusal to associate with Gentry was his only excuse for attacking them.

Negroes Confession Clears Murderer

WILKES BARRE, Pa., March 27.—The steamer, the storm continuing many days since at Scranton, 12 years ago, was cleared last night, the police say, by the confession of William Pegram, a negro.

EVERY WIFE'S DUTY

Watch Husband's Hair. If Thin Or Full of Dandruff Insist On His Using Parisian Sage.

Men as a class give but little thought to the care of the hair. Not until it comes out by the comb, or some friend remarks that they are getting bald, do they really take notice—then it may be too late. If your husband's hair is getting thin; if he has dandruff or the scalp itches, take immediate action—do not let him become a bald head. Get from any drug or toilet counter a 50 cent bottle of Parisian Sage. It contains the exact elements to supply hair and scalp needs. The first application removes all dandruff—the great hair destroyer. A little Parisian Sage rubbed well into the scalp for a few nights will work wonders. When the hair stops falling and the new growth appears use every other night until the hair is thick and abundant. Parisian Sage is a delightful and invigorating hair tonic for men, women and children. It is a scientific preparation based on a thorough knowledge of what is needed by the hair and scalp to keep them perfectly healthy and remove dandruff, stop scalp itch and falling hair. Surely try Parisian Sage. Wolff-Wilson Drug Co. sells it with an agreement to refund your money if not satisfied. Look for the trademark—The Girl With the Auburn Hair. Accept no other.—ADV.

GRANDDAUGHTER OF TYLER CARRIES FIGHT TO WILSON

Postmistress, Aged 70, Calls at White House to Plead for Continuance in Office.

"A TYLER NEVER STOPS"

Woman Who Takes Train First Time in 25 Years Says She Will Keep Up the Battle.

WASHINGTON, March 27.—Miss Mattie T. Tyler, 70 years old, a granddaughter of former President Tyler, went to the White House today to plead with President Wilson to continue her as postmistress at Courtland, Va. Miss Tyler, who has held the post 17 years, says she supports herself and sister on the salary of \$600 a year, but that now "a clique of Virginia politicians" is trying to deprive her of the position. She did not see the President, who was occupied with the Cabinet, but left a note asking for an engagement, which will be granted.

Miss Tyler's Fight Attracts the Attention of Congressmen

NORFOLK, Va., March 27.—For the first time in 25 years, Miss Mattie Tyler, granddaughter of John Tyler, tenth president of the United States, rode in a train yesterday. She took a steamer here for Washington to call upon President Wilson and other officials, in the hope that they will retain her as Postmistress at Courtland, Va. Every President since McKinley's first administration has kept her in charge of the postoffice at Courtland. She was not required to stand civil service examination, and President Roosevelt let it be known she could hold the job as long as he held his.

President Wilson recently decreed that all fourth-class Postmasters must stand a civil service examination. Miss Tyler was barred because of her age. Several others took the examination, and B. A. Williams got the appointment. He did not make the highest average. Miss Sadie Cole, formerly of New York, led the list, but she was not appointed. Miss Tyler's friends took up her case and newspapers printed several stories that attracted attention of Congressmen and Senators, who have intervened in her behalf. Yesterday Miss Tyler received a telegram to come to Washington. She declined to say who signed the message, but it is believed that it came from President Wilson. "I'm almost afraid to go," she said. "It has been so long since I rode on a train or a boat I feel like I am bobbing up and down. I am going to fight, however."

"My enemies, who have been fighting me for years, appear to have won the fight, but a Tyler never stops until he can go no further. I am so afraid this trip will upset me that I can hardly talk."

"I shall call on President Wilson and Postmaster-General Burleson. I don't think I have been treated fairly and I intend to tell them so, too."

She denied that she ran the Courtland postoffice to suit herself and said she distributed the mail as soon as she could. Those who opposed her resignation said she was discourteous and did not put up the mail until hours after it arrived. She moved the postoffice into a little one-story shack she owns and, according to those opposed to her, ran the office to suit herself.

Miss Tyler said Sunday would be the birthday of her grandfather, John Tyler. She mentioned the fact that when he was notified of his election to the vice-presidency he did not have money enough to pay his way to Washington.

"All Tylers," she said, "have died with clean hands and empty pocket-books."

MRS. OWSLEY INDICTED FOR KILLING HUSBAND

Woman Had Been Exonerated by Coroner's Jury; Taken From Hospital to Jail.

After being exonerated by a Coroner's jury for shooting and killing her husband, March 2, Mrs. Ada Owsley of 1219 Warren street, was indicted by the grand jury Thursday on a charge of second degree murder. Mrs. Owsley was in the observation ward of the city hospital when the indictment was returned. She was arrested and taken to the city jail.

Mrs. Owsley attributed her indictment to the persistent efforts of a stepson, who was the son of her husband, Benjamin F. Owsley, by a former marriage. The Coroner's jury found that Mrs. Owsley killed her husband in self-defense, after he had attacked her. She was an expert revolver shot. She said he had beaten her many times since their marriage four years ago and renewed the attack on her the day she shot him.

SHIP IN 100-MILE GALE

SAN FRANCISCO, March 27.—Passengers on the steamer Ventura, which arrived here yesterday from Sydney, Australia, reported the ship encountered one of the worst gales of the year near Pago Pago. The glass dropped to 29.2 and the wind blew nearly 100 miles an hour. Waves 3 feet high swept over the steamer, the storm continuing many hours. The steering gear broke and there was trouble in repairing it. The passengers were terrified and many prayed in the cabin.

LA TOURAINE, OVERDUE FOUR DAYS, NEARS PORT

Liner's Machinery Deranged by Heavy Seas—She Carries 559 Passengers.

NEW YORK, March 27.—The French liner La Touraine, whose four days' tardiness in reaching this port caused apprehension for a time, was reported 150 miles east of Sandy Hook by a wireless dispatch at 8:30 a. m. today. She should reach her dock late today. La Touraine is bound from Havre, which she left March 15, with 550 steerage and 20 first and second class passengers. A previous dispatch reported her proceeding slowly with deranged machinery, on account of heavy seas she had encountered.

During the year 1913 the Post-Dispatch printed 88,380 For Sale "Wants" and more than the Globe-Democrat, Republic and Times and Star—the four others combined.

CIVIC LEAGUE HEARS OHIOAN PRAISE CHARTER

Herbert S. Bigelow Indorses One-House System; Calls New Code 'City's Salvation.'

Herbert S. Bigelow of Cincinnati, who had a large part in shaping the present State Constitution of Ohio, spoke before the Civic League, at its annual dinner Thursday night. He advocated the one-house system of city government, as provided for in the proposed new St. Louis city charter. "Checks and balances in the two-house method only complicate matters," Bigelow said. He declared the new charter to be "the city's salvation." Other speakers were Charles A. Stix, president of the league; Luther Ely Smith, Health Commissioner Starkloff; Selten P. Spencer and John H. Gundlach. Those elected to vacancies on the Executive Board were Stix, Gundlach, Tyrrell Williams, James E. Allison and Mrs. E. R. Kroeger.

DELICIOUS "SYRUP OF FIGS" IS BEST IF HEADACHY, CONSTIPATED, BILIOUS.

If you're headachy, constipated, bilious or stomach is disordered and you want to enjoy the nicest liver and bowel cleansing you ever experienced, take a tablespoonful of "California Syrup of Figs" tonight and in the morning all the poison, bile and clogged-up waste will gently move out of the system without griping and you will feel splendid. Every member of the family should use this fruit laxative as occasion demands. It is just as effective for grandpas as it is for baby. It simply can not injure. Even cross, sick, feverish children just love its pleasant taste and mothers can rest easy after giving it, because it never fails to effect a good "inside cleansing." For thirty years "California Syrup of Figs" has been recommended by physicians as the ideal stomach, liver and bowel cleanser. Millions of families who are well informed use nothing else, but recently there has come a flood of spurious fig syrups, so we warn the public to ask plainly at drug stores for a 50-cent bottle of "California Syrup of Figs," and see that it is prepared by "California Fig Syrup Company." We make no cheaper size. Hand back any "counterfeit" with contempt.—ADV.

LETTERS FROM THE PEOPLE

Cigar Making in St. Louis.

To the Editor of the Post-Dispatch.
Referring to your editorial in Sunday's issue headed, "A Pure Cigar Law," let me say that the practice you so justly condemn does not obtain in the union cigar factories of St. Louis. Not only do the manufacturers in their shop rules forbid it, but any member discharged for biting out heads, using saliva to soften the paste, or in any way allowing the tobacco to come into contact with the mouth during the process of manufacture, is considered as committing a discharge, and is denied out-of-work benefit. The Cigar Makers' Union has always advocated clean, sanitary work shops and working conditions, not only as a benefit to the makers themselves, but also as a protection to the consumers of our products. The result of this policy of sanitary workrooms is a decrease of over 50 per cent in the death rate from tuberculosis in our own ranks, and we believe we have prevented many deaths from this dreaded disease among the smokers.
Let me congratulate you on the strength of your editorial.
SAM BALDWIN.

A Dangerous Crossing.

To the Editor of the Post-Dispatch.
One of the most dangerous crossings in the city, for pedestrians, is back of the public library, on Locust, where the street curves at Thirtieth street. Pedestrians coming from Olive, on Thirtieth, and crossing Locust on their way north, or vice versa, have to take their lives in their hands. Automobiles pass this spot at racing speed, without the slightest check. And it being a favorite route downtown or home again for these vehicles, there are hundreds racing over this crossing during certain hours. The city should either have a traffic policeman there or put in a safety rail, so that pedestrians could make the dangerous passage in two short runs.
PEDESTRIAN.

Terminal Combine in House of Delegates.

To the Editor of the Post-Dispatch.
You are indeed to be congratulated on your stand in the past as well as at the present time, in connection with the terminal and railroad situation in this city, and you deserve all the praise of all loyal citizens of this city for your able discriminations of the railroad trust.
I hope that you will come out vigorously against the present discredited House of Delegates latest carrying out of their master's (the Terminal Railroad Combine) bidding as set forth in this morning's Globe-Democrat, and show them not as acting for the interest of our city but in a manner detrimental to our city's welfare, as has been amply evidenced by their tactics in the matter of approach to our municipal bridge, making it plain and emphatic that the sentiments they expressed at their meeting (especially with respect to the forfeiture of the Merchants bridge) last night are not representative of the sentiments of our citizens, but simply the sentiments of the members of the House of Delegates as individuals.
R. R. MAN.

An Artist's Protest.

To the Editor of the Post-Dispatch.
Again the "morality" squad is busy. Prurient prudes are highly excited because two nude girls' figures in bronze are to be placed on the Central Public Library fountain. The Women's Protective League and others who condemn the figures are assured in error when they can find vulgarity in a design made by a young sculptress of high morals and exquisite ability. It requires a vulgar mind to find filthy thoughts about a nude statue of a child or children.
Shame on women who can see immorality in the aesthetic production of one of their own sex, as if the young woman who created the same could have had an impure motive when doing so. Again it is shame on the members of the W. P. L., who voted a protest against this statue. If Mrs. Triggs wants to hear remarks made in the hearing of young children that are anything but conducive to their morals, she might listen to some things said by men about the various phases of women's fashions. Yet fashion goes merrily on.
Kindly attend to your own affairs, ladies, and let art alone.
P. F. BERDANIER.

"Carelessness and Co."

To the Editor of the Post-Dispatch.
The Alton powder plant explosion is another horror which could have been avoided. The officials of such places should be compelled to furnish an electric safety lantern. Although it would cost a little more than a common lantern it would save life.
RE PRE VISION.

DEMOCRACY'S MENACE.

We do not question Speaker Clark's right to oppose the rules governing the debate on the bill repealing the tolls exemption clause. In so far as he sincerely contends for freedom of debate and action he is wise. But the clear intimation that Speaker Clark will oppose the repeal bill foreshadows a disastrous blunder.

We assure the Speaker and other Democratic Congressmen, especially Messrs. Igoe and Alexander of the Missouri delegation, who, it is understood, will oppose repeal, that they will strike a heavy blow at the progress of American democracy and at the fortunes of their own party.

Passing by the unanswerable argument of President Wilson that the tolls-exemption clause is an act of bad faith and an economic mistake, we emphasize the importance of the repeal bill as a crucial test of the Democratic administration's fidelity to Democratic principles and a crisis in the fight against privilege.

The opposition to tolls-exemption repeal is a subtly designed wedge to split the Democratic forces, destroy their efficiency for reform and re-establish privilege in Washington.

There can be no graver issue than that of good faith in observing treaty obligations. Whether we shall be classed as a faithless and outlaw nation or a faith-keeping, law-abiding people is of vital importance to our future relations with other nations.

But there is another phase of the tolls-exemption question which vitally affects the progress of Democracy in this country. It touches the efficiency of the Democratic party in the battle against privilege in government.

It bears upon the success of the party in the next campaign.

The shipping trust can defeat the repeal bill only with the aid of Democratic votes. If it succeeds it will establish the protective policy through a discriminative subsidy. It will strike a blow at the prestige and influence of President Wilson. By splitting the Democratic vote it will greatly impair the strength of the party's administration.

Democrats who lend a hand to work of this kind are serving the enemies of their party and of the country.

We carry no brief for the Democratic party as a political organization, but we are profoundly interested in the survival of Democratic principles and the success of the Democratic campaign to democratize the Government and restore it to popular control. We eagerly desire the destruction of every form of privilege, whether in the form of subsidy, tax or potent influence.
The splitting of the Democratic party and the defeat of President Wilson's policies would set back the reform movement for a time. They would profoundly disappoint the great body of the people. But they would spell ruin for the Democratic organization.

SUFFRAGETTES AND ULSTERITES.

The London suffragettes are right. There is no way of making an impression on John Bull except by force or show of force. With only threats of violence and a promise of co-operation from an inconsequential coterie of army officers, Ulster and the King, the Generals, the Cabinet and a good fraction of Parliament intimidated—but failed as it were.
Ulster's possibilities for violence, its command of the resources of mischief, are greater than those of the suffragettes. Therefore, Ulster's militant tactics are more successful in creating crises than the suffragettes'.

The moral to the suffragettes is to raise more of the same kind of thing they have been raising.

PADUCAH'S ARBITRARY SMASHED.

"The 2-cent differential in favor of Cairo was knocked out yesterday by a decision handed down by the Commerce Commission," says the Paducah News-Democrat. "Thus one by one all discriminations against Paducah, which for years have stood as a wall against the location of additional industries in this city, are falling away."
In St. Louis diction this "differential" of 40 cents a ton would have been called an "arbitrary." The reason for its original imposition was that Paducah is on one side of the Ohio River and Cairo on the other. But these present years are poor years for arbitraries, differentials, unjust imposts of all kinds at gateways through which the commerce of the continent must pass. Paducah believes that with this handicap removed it "will now come into its own." It is to be congratulated.
Doubtless this Paducah decision foreshadows the decision in the similar St. Louis coal rate case now pending before the commission.

THE I. W. W. IN NEW YORK.

Now that the excitement has subsided, it may be well to chalk on the wall certain facts concerning such outbreaks as those which, led by I. W. W. organizers, lately alarmed New York.

When in any city 100,000 men who want work are idle, hungry and shelterless because they can't get work, it will be decenter to let them sleep in the hundreds of empty churches than to drive them with clubs into criminal resorts or to lodge them in jails at public cost.

The best way to meet the I. W. W.'s destructive propaganda is for organized society to use its undoubted collective power to provide suitable employment for the idle men who cry for work that they may earn bread and a roof.

The states and the nation must have labor agencies, with funds at command to aid men who want work to travel from places where they cannot find it to places where work waits to be done—to bring the jobless man and the manless job together.
Provision should be made to supply employment for idle men on useful public work, when conditions deprive them of private employment.
States and the nation must by due legal process open up vast areas of idle lands, held speculative-

ly by private owners, to use and ownership by landless and homeless families.

If democracy cannot do these things it must confess failure before the world as a scheme for the successful administration of human affairs.

The setting out of 100,000 trees on Arbor day, April 10, is urged by State Superintendent of Schools W. P. Evans. Fifty thousand might with advantage be set out in the streets of St. Louis alone.

JUDGE TAFT ON ATTORNEY ROOSEVELT.

Judge Taft sits on Attorney Roosevelt, hard, in an opinion which the Judge hands down in the Saturday Evening Post. He reviews and analyzes Mr. Roosevelt's proposed recall of judicial decisions from first to last and demonstrates it to be "a fantastic travesty, impossible of operation."

When you reflect that a man who aspires to invent the supreme law of the nation ought to know a little something about law, it is amusing to read Judge Taft's comment upon the inventor of the recall of judicial decisions: "He is not a trained lawyer and has little familiarity with orderly procedure."

If the reforms invented by the Colonel were put in operation this would exaggerate or intensify the very defects in our administration of justice which the Colonel has complained, in Judge Taft's opinion. But it is a tolerant view which he takes of the Colonel's ignorance and folly.

Mr. Roosevelt has undoubtedly begun at the wrong end, and has seriously injured the administration of justice in this country by his unfounded criticism of the courts, and the lack of confidence in them for a wrong reason, that he has inspired. Still, there may come out of the feeling aroused by his unjust attacks and his fantastic remedy, such a popular scrutiny of the real defects in our administration of justice as to enable us to secure a real improvement and thus enable the courts, by a long, hard struggle, to regain the confidence of the public of which Mr. Roosevelt and the Progressive party have unjustly sought to deprive them.

It is but fair to concede that Mr. Roosevelt has never done the courts any real harm, with all his violent prescriptions. Bad as his medicine may be, the mere threat of it has proved a wholesome tonic to the judicial system.

LUCKY TAX-DOGGERS.

The City Counselor has ruled, in the case of a tax dodger who fails to make a return of personal property that he cannot be proceeded against unless the Assessor can prove "an intent to defraud." Now, an intent to defraud is purely a mental matter! It cannot be brought in court as Exhibit A, nor photographed nor weighed nor released on bail. Lucky tax-doggers!

BESPAATTERED INNOCENCE.

Poor, little children of Miss Coonsman's fountain! They were happy in their play with the water-sprouting frogs and, though they shrank from the sprays, it was not through fear or disgust, but in coquetry. Alas and alack, it is not pure water they must abide now that the prudes have sight of them; they are to be robbed of innocence; they are to be gouted with filth.

To the prurient all things are prurient; babes at mothers' breasts, youths at their trials of speed, the wooing chivalier, brides' faces transfigured by the thought of their unborn children. Adam and Eve before the serpent issued the first number of La Mode d'Eden. Clothes must add mystery and lure, must awaken imagination, must transform that which is God-clean into lasciviousness.

The French are credited with many sins, but small none is made of excessive propriety among the bourgeoisie women who think it highly immodest to enter a bath tub unclothed. Some are not so much afraid of water that they refuse to bathe at all, compromising with propriety by wearing one garment during the rite. Will not even the most prurient proper assailant of "Truth" and Miss Coonsman's children laugh at the French bath en chemise?

Shall we put gowns on our horses and trousers on our dogs? Yes, that is more of a jest than an argument and yet it is suggestive. When the poet who wrote of Eden sought a symbol of man's fall from perfect purity he put a fig-leaf costume on him. When the naked savages of the Philippines don clothes, says Dean Worcester, they take on the worst vices of the white man; in native nudity they have a stricter convention of chastity than obtains in the land of prudes who boast of their civilization.

If the moving van men are getting up a combine in restraint of trade—or of moving—they should remember that the technique of unscrabbling is showing improvement every day.

USE OF THE LETTER COLUMN.

Falling to see his communication in the "Letters From the People" column, a letter writer asks the editor: "Do you think people buy postage stamps and paper for you to throw in the waste basket?"

The department of "Letters From the People" in the Post-Dispatch is so popular that a great many more letters are received daily than can be used, even after careful editing. Most letter writers recognize this and understand the responsibilities of a newspaper which accords the privilege of expressing themselves to its readers.

The Letter column is for the discussion of matters of public interest from the point of view of the average reader. The most interesting letters are selected, with the object of giving the largest number of readers an opportunity to express themselves on the greatest variety of topics.

The publication of letters making attacks on individuals, corporations or institutions involves responsibility which no newspaper can afford to take without careful investigation. After the M. A. C. fire numerous letters were received charging that certain buildings were firetraps. All these were referred to the proper authorities for investigation.

A letter appearing in the Post-Dispatch goes into 140,000 homes in St. Louis alone. It may be read by a million people. The privilege of having a communication thus extensively published is of high value. It is the effect of the Post-Dispatch to maintain a standard in the Letter column on the basis of that value.

DESIGN FOR A FOUNTAIN, "THE PRUDES."

Written for the Post-Dispatch by Clark McAdams.

POSITION LOST.

THERE was grim fighting yesterday in Torreon and thereabout; Great things may come of that affray. The end of which is still in doubt.

The news is always meager when Opposing armies thus engage—

But we do know Villa and his men Were driven off our own front page.

ABOUT LYNCHINGS.

The Survey is disposed to believe that lynchings are dying out in the United States. Statistics for the past year show a falling off, and The Survey is optimistic enough to think it a sign.

We like to be optimistic, too; but our optimism has to be practical, whereas that of The Survey probably doesn't. There were fewer lynchings in the United States last year than there have been for some time simply because the colored people didn't start anything much. All the Springfields, where most of the lynchings occur, were perfectly quiet. If the colored people will maintain their department for last year through a few more seasons the lynching habit will be confined to a few isolated towns where the races mingle too freely waiting for the trains to come in.

The change is not in the whites. If The Survey doesn't believe it we commend it to an account of what happened at Fayette, Mo., a few days ago just before the local came in.

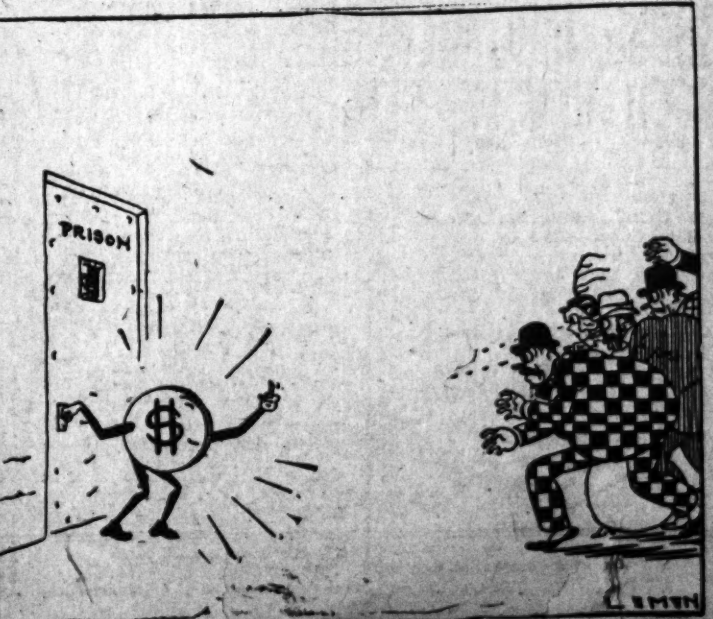

The uplift in St. Louis is bearing fruit where formerly we saw nothing but cast. The Los Angeles Express says: "St. Louis is compelling the removal of billboards. Los Angeles ought to be ashamed of her backwardness in this respect."

A. B. C.—A writer in the Clinique says, having tried in 200 cases, the symptoms of acute appendicitis are: First, pain in the abdomen, sudden and severe; second, followed by nausea and vomiting; third, general abdominal sensitiveness; fourth, elevation of temperature, beginning from 10 to 24 hours after the onset of pain. These symptoms occur, almost without exception, in the above order, and when that order varies the diagnosis may be questioned. (See Answers, March 24.)

Q.—The makers of the note, either severally or individually, would be liable for payment of the same; if dead, their estate would be liable. Holder of note can compel probate upon estate of the maker who died and it would be the duty of the executor of the estate to proceed against the heirs for collection of the personal property they have distributed among themselves in estate parts, ignoring wishes of testator. Until set aside by court by proper proceedings the will would stand, and no act of a certain set of heirs or beneficiaries would, as you state, break it. Our court is here not only for other purposes, but also to see that wishes of testator are carried out and respected. Heirs or beneficiaries cannot cheat a creditor nor themselves by a get-together, quick-action distribution of the assets.
S. A. M.—The fact that you arrived in the United States during your minority, does not make you a citizen. Residence, of itself, no matter how long, does not confer citizenship upon an alien. As the declaration of intention filed by your father did not make use of it, in support of a petition, under U. S. Stat. L. 584, He is still living, however, you persons and are under guard do not confer any privileges upon you, in seeking citizenship. If you desire naturalization, you must file a preliminary form, file your declaration, or first paper. For this purpose, present yourself in room 24, Custom House, Eighth and Olive streets.

RUBB.—Women may vote for President in Illinois, Indiana, Oregon, Kansas, Arizona, Washington, Idaho, Utah, Colorado, Wyoming. School suffrage for women is in some form in 24 states who do not grant full suffrage, as follows: Connecticut, Delaware, Florida, Iowa, Indiana, Kentucky, Michigan, Massachusetts, Minnesota, Mississippi, Montana, Nebraska, New Hampshire, New Jersey, New Mexico, New York, North Dakota, Oklahoma, Oregon, Ohio, South Dakota, Vermont, Wyoming and Wisconsin. Women vote in a few states by literary trustees and on questions of taxation.
J. D. H.—St. Louis County adjoins St. Louis on the west. The Constitution of Missouri, adopted in 1820, provided for the separation of St. Louis city and St. Louis County, and left the city adopted a charter as an independent municipality. Therefore, St. Louis is not in a county. The taxpayer pays no St. Louis taxes together, getting one receipt for both. The city is to the State the same as a county, and performs the functions of a county. The Municipal Assembly acting in place of a county court. Strange that there is so much gabble about St. Louis. There are at least 20 other independent cities in the United States.

For a great many guests you cannot provide much of an entertainment. Have singing, and if you wish, reading and dancing upstairs in the attic, or downstairs. You might give up whole of downstairs floor to dancing and receiving, and serve refreshments in the attic. You could serve sandwiches and salad and cake and coffee in the downstairs. Attic might be decorated in a fashionable style, with corn strung on and autumn leaves, and you might have a harvest-home supper of apples. The Taking of Laurella

Love Story of a Mountain Girl Who Was Won by Accident.

By Grace McGovern (Cooke)

PLEASE leave them their dishes alone, Laurella, and come and set down."

"Did you want to talk to me?"

The girl turned a face of lovely surprise over her shoulder as she gave a

yellow bowl an extra vigorous

back upon the high shelf.

Did he want to talk to her? Her lover

led at her in helpless irritation. This

the history of their courtship; when

met her at quarterly or grove meet-

he fancied that if he were alone

he might make headway.

so they had the great kitchen all to

themselves, as tonight, with the fire-

making gusty shadow and silence

of its crannied walls, he found that

he slipped, through his fingers like a

leaves of a moonbeam, evading a

word by not recognizing it.

"Course I want to talk to you. What

you reckon I come all the way over

on the Cove for?"

"I didn't know. I was a wonderin'.

thought maybe you wanted to see

peppy or the boys."

The attitude of the mountain girl to-

ward men and matrimony is primitive.

is not seeking the one nor admiring

the other. She animates upon

characteristics purely masculine as de-

which has been accomplished only by

tricks and superior force.

Jason Bushares sat, hypnotized, watch-

ing how the freight ran up Laurella's

white throat, lingering in her eyelashes,

rowing their shadow upward, adding

extra touch of surprised inquiry to

her countenance, as she faced him and

possessed herself ready to hear the busi-

ness upon which he had come. But was

it? Would she listen?

"Don't you remember, Laurella, when

an' I used to go to the hollerin' school

together, an' I was always a

ritin' notes to you, just as soon as I

learned how to write—or print, rather?"

"Aw, law! Them days!" laughed

Laurella with heightened color, looking

at the significance of his speech. "Didn't

the teacher have big feet? I've studied

about his feet many a time since, when

ought to have been thinkin' of some-

thin' sensible. Has your ma put in any

them dice pattern counterpanes for

to weave, Jason?"

The fate of nations might have hung

upon Mother Bushares' weaving, if one

could judge by the girl's face; but

Jason ignored the question.

"Don't you remember, when I went

down to Garyville and got me a job on

the railroad, how I sent you a vollen-

tin'?" he pursued.

"No!" the girl cried, with sparkling

eyes. "Was it a come?"

"You know hit wasn't. My name was

out, an' it said—let's—"

Jason floundered helplessly before

Gladness Learns the Game

Drawn for the Post-Dispatch By MARGUERITE MARTYN.

By Marguerite Martyn.

THE wealthy lady who promised to obtain for Gladness that coveted position has been singularly slow and unresourceful in the matter.

In the refined, unhurried atmosphere of the West End home, our Gladness' worthy ideals of being independent

and self-supporting are suffering shameful neglect.

She is improving her "enforced idleness" by learning to play golf.

A knowledge of this game may prove useful to her at some time in her very uncertain future,

she is telling herself. A young brother of the hostess is a most patient and obliging teacher. Even at a distance it is plain to see that "brother" uses up an amaz-

ing length of time in adjusting, each time, the mashie in Gladness' hands.

A wise little caddie (he might be Cupid in one of his numerous disguises) is already snaking bets with him-

self on the outcome of this game.

Gladness, herself, is beginning to be the least bit suspicious of her very willing guide and preceptor's interest

and intentions.

She does not yet suspect, however, that when she so confidently entrusted her career to her hostess she fell

into the hands of a designing woman, one who is known as the greatest matchmaker in her set.

ished, and she went to bed happier than she had ever been.

All went well until one day Netta was washing clothes in the river, and she lost the ring.

Then Jacob and Hannah were cross and they punished her, and the work piled mountains high.

Netta went to the river every day, hoping that she would see the ring in the water, and one day she stood crying by the river and saying: "Oh, my ring, my ring; I wish I had it again."

A big fish put his head out of the water.

In his mouth he held a bag. "Open this," he said, "and see if your ring is among those in the bag."

Netta opened the bag, and out rolled many beautiful rings of gold and precious stones, but Netta pushed them all aside. Then she looked in the bag, and there in the bottom was the dull-looking ring that the old woman had given her.

Netta slipped it on her finger, and put the others back in the bag and gave them to the fish.

"You are an honest girl," said the fish; "the glittering gems did not tempt you, and now you shall have the others as well as your own."

Netta, "that I am afraid I cannot finish it, and Jacob and Hannah will punish me if it is not done before dark."

"Take this ring," said the old woman. "Do not let it leave your finger." She handed Netta a dull-looking ring. "It is not very pretty," she said, "but it will help you when you are tired."

Netta thanked her and put the ring on her finger. Everything seemed easy to do. Hannah and Jacob did not scold her, and at night Netta was not pun-

ished, and she went to bed happier than she had ever been.

Netta looked up with blue eyes drowned in tears, thus permitting the enemy an advantage which he was not slow in taking.

"What do you expect a girl to do?" she finally murmured gently.

"Why, just like you did," answered her lover happily. "I wouldn't have a single hair of your head changed—now I've got ye at last!"

Men Write: We Don't Want the "Doll" Girls Women Reply: You Never Look at "Plain" Ones

By Betty Vincent.

WE appear to be arriving at the main point of dissatisfaction between the young people who have been debating in these columns the question as to whether our young men know how to win a woman's heart.

The girls say: The men want the dolls and have no eyes for the plain girls who would make the best sort of wives.

The men say: We don't want the dolls, but we haven't met a girl who would make us a good helpmate.

I have a letter from a girl today which says: "The men say they do not want a fashion plate or a beauty, but without having made any effort to win her heart, proposed marriage. She rejected them and blamed the situation on what she believes to be a decline in chivalry and enthusiastic courtship."

Following are some of the letters received today commenting on her letter and on some of those which followed it:

Girls Shouldn't Propose.

G. L. writes: "I have read the letter signed 'M. H. H.' and want to say that if that young man says girls are not after love, then he hasn't met very many."

"There are lots of good girls with 'pretty faces' who are longing for the true love of a good and noble man and are among those in the bag."

Netta opened the bag, and out rolled many beautiful rings of gold and precious stones, but Netta pushed them all aside. Then she looked in the bag, and there in the bottom was the dull-looking ring that the old woman had given her.

AFTER SICKNESS OR OPERATION

It is a pathetic mistake to accept drugs or alcoholic
mixtures when nature craves nourishment to repair
the wasted body and restore the vigor of health.

For forty years the best physicians have relied on
the wholesome predigested nourishment in SCOTT'S
EMULSION which is totally free from alcohol or opiates.

Scott's Emulsion sharpens the appetite—renews
blood—nourishes nerves—strengthens bones and
restores the courage of health to make life bright.

Scott's Emulsion sets in action
the very forces that promote
health. Its purity,
richness and strength
has stood the test
of forty years.

462 Women's Sample Suits

Worth \$17.50 Up to \$25.

To Be Sold

Tomorrow, \$9.97 AND \$12.97

Just at the season when you're thinking "now
for my Easter suit," it is not likely that women
generally expect to save money right at the sea-
son's beginning and especially on suits that are
made for sample purposes. You know samples
are used to demonstrate all that is best and most
desirable. The style feature is brought out to
suggest the manufacturer's ability to produce
what well-dressed women want.
The fabric must represent style, durability and
all that fashion's devotees expect.
The tailoring must bear inspection by the most
fastidious because one supposes samples to be
above reproach.

All these points of merit are present in the
garments in this lot, which is the reason we con-
sidered the manufacturer's offer to make a con-
siderable price concession provided we would take
the entire sample line, comprising 462 suits.
We saw that the latest fabrics were there—
gabardines, serges, poplins, crepes, novelties, tan-
go cloth, etc.—then we began a close and careful
examination of the tailoring, the findings, find-
ings; noted all the fine points which make gar-
ments desirable.
They qualified in every instance and here they
are, ready for you.

TWO STOWAWAYS STUCK IN CARGO OF ASPHALT

Men Have to Be Dug From Sub-

"Tar Babies" of Them.

NEW YORK, March 27.—When the
schooner Florence M. Penley from Pith
Lake, Trinidad, docked here yesterday,
two sure-enough "tar babies" were
found stuck in the cargo of asphalt.
They were Joseph Manito and Walter
Jennings.

They told Capt. Jameson they had de-
serted from the Norwegian bark Grass-
mere, which arrived at Port-Au-Spain
from Santos on Feb. 3, two days before
the Florence M. Penley sailed.

The stowaways were in the asphalt so
deep they had to be dug out. Manito
said that when they hid in the hold the
asphalt was very hard, but a few days
out it began to soften, get very sticky
and melt all over them.

UNDERWOOD URGES DEFEAT OF CANAL TOLL REPEAL BILL

House Leader Says Exemption
Favoring American Vessels
Does Not Violate Treaty.

Toll Exemption Meant
to Build Up Merchant
Marine, Says Underwood

"THE purpose of Congress,"
said Representative Under-
wood today, in his
speech against repeal of the Pan-
ama Canal tolls exemption in fa-
vor of American coastwise ves-
sels, "in providing in the act for
the opening, maintenance, protec-
tion and operation of the canal,
that no tolls shall be levied upon
vessels engaged in the coastwise
trade of the United States," and
providing further that it should be
left discretionary with the Presi-
dent of the United States to ex-
empt from tolls our ships engaged
in foreign trade, was an effort on
the part of Congress to discrimi-
nate in favor of American shipping
and to re-establish our merchant
marine. This has been a policy of
the Democratic party since the be-
ginning of the Government. The
Democratic party has never stood
for direct subsidies, but has always
favored subventions and discrimi-
nations in favor of our shipping."

WASHINGTON, March 27.—Represent-
ative Underwood of Alabama, Demo-
cratic floor leader in the House of Rep-
resentatives, today delivered his speech
against repealing the Panama tolls ex-
emption as urged by President Wilson.
The scene of the leader of the House
majority, who had led the successful
fight for practically all the administra-
tion measures, combatting the position
of the President, attracted wide atten-
tion. Underwood urged defeat of the
Sims bill, which follows President Wil-
son's recommendation for the repeal of
the tolls exemption. He declared the re-
peal of the tolls exemption. He de-
clared the repeal was contrary to the
platform of the Democratic party adopt-
ed at the Baltimore convention and was
an exemption favoring American coast-
wise ships did not violate the Hay-
Pauncefote treaty.

"Not for one moment do I believe
we have violated a treaty," declared
Underwood, "our whole difficulty
arises from the un-American spirit
of surrender that some of our own
people have exhibited toward this im-
portant question from the very begin-
ning."

Underwood quoted the tolls exemp-
tion plank from the Baltimore plat-
form, and, continuing, said:

"There can be no contention as to
the meaning of this language. No one
can raise the issue that the bill now
pending before the House introduced by
the gentleman from Tennessee (Mr.
Sims) is not in direct conflict with the
declaration of the Democratic platform.
Personally, I believe that the party
pledge should be lived up to in good
faith by those who claim allegiance to
party principles, but as there are many
here who differ with me in reference to
the binding effect of a party platform,
I will not at this time endeavor to dis-
cuss the pending bill from that stand-
point.

"Let us resolve the issue into the
question as to whether the platform of
the Democratic party favoring exemp-
tion of tolls of American ships engaged
in coastwise trade passing through the
Panama Canal is best for the nation
and the people of our country, or
whether the gentleman from Tennessee
in the bill now pending before the
House repudiating the declaration of
the Democratic party, is proposing leg-
islation that will be most beneficial to
our nation and our people."

Underwood quoted figures to show
that the cost of maintenance of the can-
al and interest on the Government's
investment could be met easily without
charging American vessels tolls and by
charging foreign vessels a "fair and
reasonable" toll. He compared the tolls
charged by the British at the Suez Can-
al with the proposed Panama tolls.

"The purpose of Congress," said he,
"in providing in the act for the open-
ing, maintenance, protection and op-
eration of the canal, 'that no tolls shall
be levied upon vessels engaged in the
coastwise trade of the United States,'
and providing further that it should be
left discretionary with the President
of the United States to exempt from tolls
our ships engaged in foreign trade, was
an effort on the part of Congress to dis-
criminate in favor of American ship-
ping and to re-establish our merchant
marine. This has been a policy of the
Democratic party since the beginning
of the Government. The Democratic
party has never stood for direct sub-
sidies, but has always favored subven-
tions and discriminations in favor of
our shipping."

Discrimination in Tariff.
"It was through discriminating tariff
duties that our merchant marine was
developed in the first three decades of
our Government's history. The Demo-
cratic tariff law that is now on the
statute books carries in it a discrimi-
nation amounting to a reduction of 5
per cent of the duties on goods import-
ed in American ships.

"If we have built the canal for the
benefit of an American merchant
marine and not for the practical ex-
clusive use of foreign shipping, we
must adopt a policy of discrimination
in favor of American ships, or we
must in the end pay indirect sub-
sidies to enable our ships to compete
with ships of foreign nations. The
subsidies and discriminations that
European governments have given to
their shipping interests have pro-
duced a fleet of driven American ships
from the seas.

"For the reasons given, I believe that
the Democratic party was both wise
and patriotic when it announced a pol-
icy in favor of discriminating in favor

of our coastwise ships going through
the Panama Canal and that there is no
reason at this time why we should
abandon a solemn promise made to the
American people in one of the most
prominent planks in our party plat-
form.

"But we are told that we are violat-
ing a solemn treaty made with another
nation, and in good faith that we should
abandon the canal to foreign rivals
without contest or dispute. In order that
we may keep our standing in the fam-
ily of nations.

"Not for one moment do I believe
that we have violated a treaty right
and not for one moment do I believe
that we have violated a treaty right.

18 SEAMEN DROWN AS SHIP SINKS AT AUSTRALIAN PORT

LONDON, March 27.—Eighteen of the
crew of the French steamer St. Paul
were drowned today.

The steamer struck a rock and sank
while entering the port of Brisbane,
Australia, according to a Lloyd's dis-
patch.

The St. Paul was on the way from
Noumea to Sydney. She was a new 230-
ton vessel, built in 1911, commanded
by Capt. Corne and owned by the
Oceanic Navigation Co. of Bordeaux.

Captain and Four Seamen Lost When
American Schooner Founders.

WASHINGTON, March 27.—Loss at
sea of the American schooner Hattie P.
Simpson of Boston, with her captain
and four other members of the crew,
was reported to the Navy Department
in a wireless message from the steam-
ship Caracas, which has on board three
survivors of the schooner.

The dispatch said the Simpson sank
last Saturday morning, March 21, but
gave no details of the catastrophe.

Naval officers were inclined to think
the crew left the vessel in haste before
she sank and that one of the boats was
swamped.

STAGE COACH HOLDUP

YREKA, Cal., March 27.—An old-fash-
ioned stage hold-up occurred on the
mountain road between here and Walk-
er. Two masked men in reged overalls
sprang out of a clump of bushes, "cot-
tered" the driver and ordered him down
from his seat. They rifled his pockets

of \$45, tied his hands together and
placed him inside the coach. There
were no passengers and the robbers did
not touch the mail sacks.
Before taking to the shrubbery the
bandits started the stage horses down
the mountain. The driver got his hands
free, however, in time to prevent an
accident.

NOBODY CAN TELL IF YOU DARKEN YOUR GRAY, FADED HAIR WITH SAGE TEA

Druggist Says that Sage Tea when Mixed with Sulphur
Prevents Dandruff and Stops Falling Hair.

Common garden sage brewed into
a heavy tea with sulphur and alco-
hol added, then left to age and care-
fully filtered will turn gray, streaked
and faded hair beautifully dark and
lustrous; remove every bit of dand-
ruff, stop scalp itching, and falling
hair.

Just a few applications will prove
a revelation if your hair is fading,
gray or dry, scraggly and thin. Mix-
ing the Sage Tea and Sulphur recipe
at home, though, is troublesome. An
easier way is to get the ready-to-use
tonic, costing about 50 cents a large
bottle at drug stores, known as
"Wyeth's Sage and Sulphur Hair
Remedy," thus avoiding a lot of muss.

Some druggists make their own, but
it isn't nearly so nice as "Wyeth's."

While wispy, gray, faded hair
not staid, we all desire to retain
our youthful appearance and attra-
tiveness. By darkening your hair
with Wyeth's Sage and Sulphur,
one can tell, because it does it
naturally; so evenly. You just
dampen a sponge or soft brush and
draw it through your hair, taking
one small strand at a time. Do this
tonight and by morning all gray has
disappeared, under another ap-
plication or two it will be rest-
ing in its natural color and be
more glossy, soft and lustrous than
ever.

Local druggists say they are sell-
ing lots of "Wyeth's Sage and Sul-
phur"; it surely helps folks appear
years younger.—ADV.

BROWNS' DIAMOND IS PROTECTED BY A CANVAS COVER

Owner Hedges Says Saturday's Game Will Be Played Unless It Rains at Starting Time.

The baseball diamond at Sportsman's Park is covered with a canvas coat Friday and will be in shape for a game Saturday in spite of the rain, according to Owner Hedges. The canvas cover extends over the entire infield and several feet into the outfield.

The official weather forecast for St. Louis Friday is: Cloudy tonight and tomorrow; probably with occasional rain, slightly cooler tonight, with lowest temperature about freezing point.

Tigers to Miss John Nicholson in Kansas Meet

Jayhawkers Rule as Slight Favorites in Dual Indoor Games With Missouri.

KANSAS CITY, Mo., March 27.—Athletes of the University of Missouri and the University of Kansas will meet in Convention Hall tonight in their annual dual track meet. Both teams concede the result will be close. Although the betting slightly favors Kansas, the men from Lawrence have won but one of the 10 previous meetings and that victory came last year by just one point.

Both teams arrived early. Coaches said the men were in excellent condition. Missouri feels seriously the loss of Capt. Nicholson, consistent point winner in the high jump and hurdles, who graduated last year. Nicholson had been a star of the last three indoor meets with Kansas. He also made the American Olympic team.

Unless it rains at game time Saturday the teams will clash as scheduled.

English Golfers Await Visit of Yankee Players

British Have High Regard for Travers and Want to See Young Quimet.

NEW YORK, March 27.—The invasion of American amateurs is arousing great interest among the British golfers, according to George Low, the professional who has just returned from a visit to England. The English players, says Low, have a high regard for the ability of Jerome D. Travers, the four-time winner of the American title, and there also exists a keen desire to see Francis Ouimet.

Cable dispatches from London today tell of the defeat of Travers and Fred Herreshoff at Hoy Lake by Capt. Nicholson in a three-ball match. Capt. Nicholson returned a card of 75, beating Herreshoff by 5 up and Travers by 4 up.

MILWAUKEE MEN WANT BAN LIFTED FROM McFARLAND

Committee Will Ask Wisconsin Boxing Commission to Withdraw Its Embargo.

By Robert Edgren, Post-Dispatch.

NEW YORK, March 27.—A committee of Milwaukee business men is trying to persuade the Wisconsin Boxing Commission to remove the ban on Frankie McFarland. They believe that a McFarland-Gilbons match held in Milwaukee would draw as great a crowd as the recent bout between Ritchie and Wolgast. Three thousand came from Chicago to see that fight, and the 200 no doubt distributed a good many thousands of dollars among Milwaukee's hotels and restaurants.

McFarland was barred from competition in Wisconsin on an absurd charge. It was said that he didn't "try" in his bout with Jack Britton, principally because he failed to knock out Britton. McFarland makes no secret of his desire to win his bouts by outboxing the other man, as he was Britton. He has often said that when it becomes necessary for him to knock out opponents to satisfy the public he will retire from the ring. The boxing law in Wisconsin, where they have no decision as soon as we have in New York State, doesn't recognize the knockout as part of the game. Only a few weeks ago Wisconsin Sheriff compelled a boxer who was knocked out by Freddie Hicks to go and finish the 10 rounds as soon as he was able to stand up.

People who go to see McFarland pay the money for the privilege of seeing the cleverest boxer in the world, and know when they buy the tickets that McFarland's intention is simply to outbox his rival far enough to show a decided superiority.

A number of Boston business and sporting men, according to Joe Woodman, have held a meeting to select some man to be recommended for Boxing Commissioner. They unanimously decided upon Billy Gibson of New York. The boxing bill in the Massachusetts Legislature provides for a single commissioner instead of three, as in New York.

It's a curious thing that a man from another state should be endorsed—a very curious thing—that Billy Gibson's reputation among sporting men.

Setback for Levinsky.
The recent Levinsky-Mohr match, in which Mohr outclassed the larger man, and gave him a severe beating, puts a damper on the coming Levinsky-Gunboat Smith bout. Mohr is a plucky competitor with Gunboat Smith. A Smith-Mohr fight would be considered on the side. Yet one cannot always base a judgment upon what different combination of fighters may produce in the way of a contest. Levinsky will probably fight much better against Smith than against Mohr. He is accustomed to fighting big men, and Joe Mohr has handled Joe Chynowski, diving in under the large man's blows and slugging with the effect of a submarine torpedo getting below a battleship's armor line.

Yankee Runner Tabor Beaten in Oxford Feature

LONDON, March 27.—Cambridge University today won the annual athletic contest against Oxford University by six events to four.
The events were as follows:
100-yard dash, quarter mile, half mile, mile, three miles, 120-yard hurdles, high jump, broad jump, hammer throw and weight put.
R. E. Atkinson of Cambridge easily won the half mile in 1 m. 46 s. 3. This race had been won by the closest event of the day, but Atkinson had no trouble in defeating the American Rhodes scholar, Norman S. Tabor of Brown University, by 12 yards. H. M. Mackintosh of Oxford won the 100-yard dash in 10 1/5 seconds. V. E. Havens, a Rhodes scholar from Rutgers College, was the winner of the hammer throw with a mark of 127 feet 10 inches. Adams is a Rhodes scholar from Baylor University, Waco, Tex.
V. E. Havens of Oxford won the 120-yard hurdles in 17 1/5 seconds. Havens from Rutgers College, New Brunswick, N. J.

Class AA Leagues Will Get Chance to Waive on Class A Discards

CINCINNATI, O., March 27.—August Herrmann, chairman of the National Baseball Commission, said today that the league players' franchise, had misinterpreted the wording of the new rule in regard to the so-called promotion waiver clause, sent out by the commission and that the rule is the very thing the fraternity demanded.
The new rule reads as follows: "Before a major league player shall be released outright or under an optional agreement to a class A or lower classification, his services shall first be tendered to all class A clubs, at a price not to exceed \$1000, and then to all class A clubs at a price not to exceed \$750."
Mr. Herrmann declared that the new rule is plain and that a player drafted from a class A league club cannot be returned to that club before being submitted to class A leagues in case of release by a major league club.
He has written to Mr. Fultz and I do not believe any protest will be filed after he receives my letter," said Mr. Herrmann.

FEDERAL LEAGUE READY FOR EASTERN OPENING

CHICAGO, March 27.—President Gilmore returned to Chicago today with optimistic reports of conditions in Eastern cities of the Federal League. He said that work was being pushed rapidly on stands everywhere, and that everything would be ready for the opening of the season April 15.
The league schedule will be revised by Gilmore and Secretary Rickart within a few days, but will not be made public probably until a short time before the beginning of the campaign.

KIECKHEFER WINS \$500 CUE MATCH FROM BENSON

Although Frank Benson won the fourth and final block of the three-cushion match for a side bet of \$500 at Milwaukee Thursday night, Kieckhefer had a commanding lead of 12 points when the final block was interrupted. Benson returned to St. Louis Friday, and announced himself ready to tackle Kieckhefer in another match for the same kind of a purse.

FITZ AGAIN BARRED FROM BOXING IN EMPIRE STATE

NEW YORK, March 27.—The Appellate Division of the Supreme Court to-day affirmed the order of the lower

court, which in effect prohibits Robert Fitzsimmons from boxing in public in New York State. Because of his advanced age the State Athletic Commission ruled that Fitzsimmons should not re-enter the ring. This order the court sustains.

HOGG GOES TO MOBILE

BOSTON, March 27.—Pitcher Bradley Hogg has been released outright by the Boston Nationals to the Mobile club of the Southern League, according to dispatches from the South. Hogg played with Mobile last season.

Manager Henri O'Day thinks his team will be a permanent contender because of its great hitting strength. He has in Haines Kim, Bill Swesney, Vic Baker, Frank Schutte and Jimmy Archer the hardest collection of hitters in the big leagues, he contends.

Men's and Young Men's Suits and Overcoats in All of the Correct New Styles

Tomorrow will be an excellent time to select your new Suit or Overcoat for Easter and later wear. Our stock is most complete at this time and is so arranged in the very newest and most modern revolving showcases that you can see and examine fifty different garments at the same time.

In the selection of our Spring lines we have provided most liberally for the older boys requiring long trousers and for the young men in college. Our clothes emphasize—distinctly—all of the new style features which young men demand in their clothing. Equally as important a feature as the proper style and correct fabric, is the question of value and of which we cannot boast too strongly, as one of the fundamental principles of this institution is to give the very best for the price no matter what the price.

Our New Suits for Spring

We have strongly specialized in new Suits at \$20.00, \$25.00 and \$30.00, and we do not hesitate to say that at these prices you will find garments that are unrivaled in any particular. They are cut on two and three button sack English models, with long, soft-roll lapels, natural-fitting shoulders and sleeves, patch pockets and with narrow cuffs on the sleeves. The vests are high cut, while the trousers are straight-cut and finished with a narrow cuff to correspond with the cuffs on the sleeves.

Among our more conservative models is the three-button sack with the new, short lapel and buttoning high. It has regular pockets with flaps, no cuffs on the sleeves, while the vest is cut high and the trousers are made with or without cuffs.

Our stock of Suits for men includes those in English, semi-English and the more conservative models in fancy or the most subdued fabrics and colors, as well as those in the "happy medium." You will find suits in our stock at prices ranging from \$16.50 to \$42.50.

"KIM" COLLAR See Our Blue Serge Suits at \$15.00 to \$40.00

The Balmacaan Topcoats for Spring

While we have a splendid line of other kinds of Spring Overcoats, we wish to call special attention to the extremely popular Balmacaan Coat. It is very stylish and serviceable and is cut full and loose with flaring skirt. These coats can be had in all of the new shades in both plain and fancy patterns, in brown, olive green, blue, tan, gray, black-and-white checks, large over-plaid and fancy mixtures. They are made with the regular military or convertible collar and have regular, raglan or kimono sleeves; belted or plain backs. Prices

\$16.50 to \$30.00

A Clearance Sale of Men's Clothing

As a special feature, for the End-of-the-month Clearance Sale, we shall offer all odd lots and broken lines left over from our regular stock of last season's clothing. Much of it is suitable for early Spring wear, as well as for use next Fall and Winter. Our offerings, briefly, are as follows:

About 25 Men's Blue Serge Suits, some medium sizes and a number of 44, 46 and 48 stout sizes. These are taken from our regular \$15.00 and \$16.50 lines and are priced at

\$12.50

A broken lot of Tan Gaberdine Raincoats, made to button close to the neck; value \$20.00 each. Sale price

\$14.50

Youths' Suits of Cassimeres, Cheviots and Worsted in sizes 15, 16 and 17 years; regular \$15.00 and \$16.50 values. Sale price

King Snake Hisses and Rattles Until Mongoose Puts Him to Rest.

"Hiss and rattle, brothers! Hiss and rattle!" cried Mr. Bernard Blodger, merrily.

"Never mind the hissing," said Gus, "rattle the dice and don't try to make conversation a substitution for paying your shot."

And then, in surprise at the extensiveness of his own vocabulary, Gus added, "By Golly! I'm getting to be a regular Dinkston, only I ain't a loafer like Dinkston. But, why shouldn't I talk educational, a feller what reads abracadabra like I do?"

Mr. Slavinsky regarded him admiringly.

"Gus," he said, "such an education as you have got, believe me, John W. Rockefeller couldn't buy it with all his money!"

"Sure!" said Gus placidly. "On the inside of my head I don't say I got as much furniture as John W. Rockefeller, but outside I got more hair than ever he had. Education don't give you hair on the head, and I ain't bragging about it. But hair, there's something for you! Why, my wife Lena is a sight when her hair ain't on, and what you think she is looking Easter egg dye for her hair and don't know what color to paint it—I mean the hair in her bureau—blue or green."

"My, she's a fashionable woman!" said Mr. Slavinsky. "Stein, the loanman, says your wife is a woman he wouldn't marry unless you died and left her a lot of money so he could choke her and take it away from her."

"Tell you what," said Gus. "Somebody, you know, I think I like my wife, but I got to laugh when I think about a joke it will be on Stein if, when I'm dead, he should marry my wife and then find out all the things I know about her." And Gus chuckled at the thought of how the philanthropic loanman would be discomfited.

"If I was you I wouldn't die to oblige Stein, he could marry your wife," advised Mr. Slavinsky. "His name is Dinkston!"

"What do you mean by your 'absolutely' and 'postulatively'?" asked the King Snake of the Splendid and Sagacious Society of Snakes, sullenly. "There are no such words."

"Ho, there ain't, ain't they?" retorted Gus. "There would be what I had made for me by a feller what talks educationally. You know who I mean, Slavinsky?"

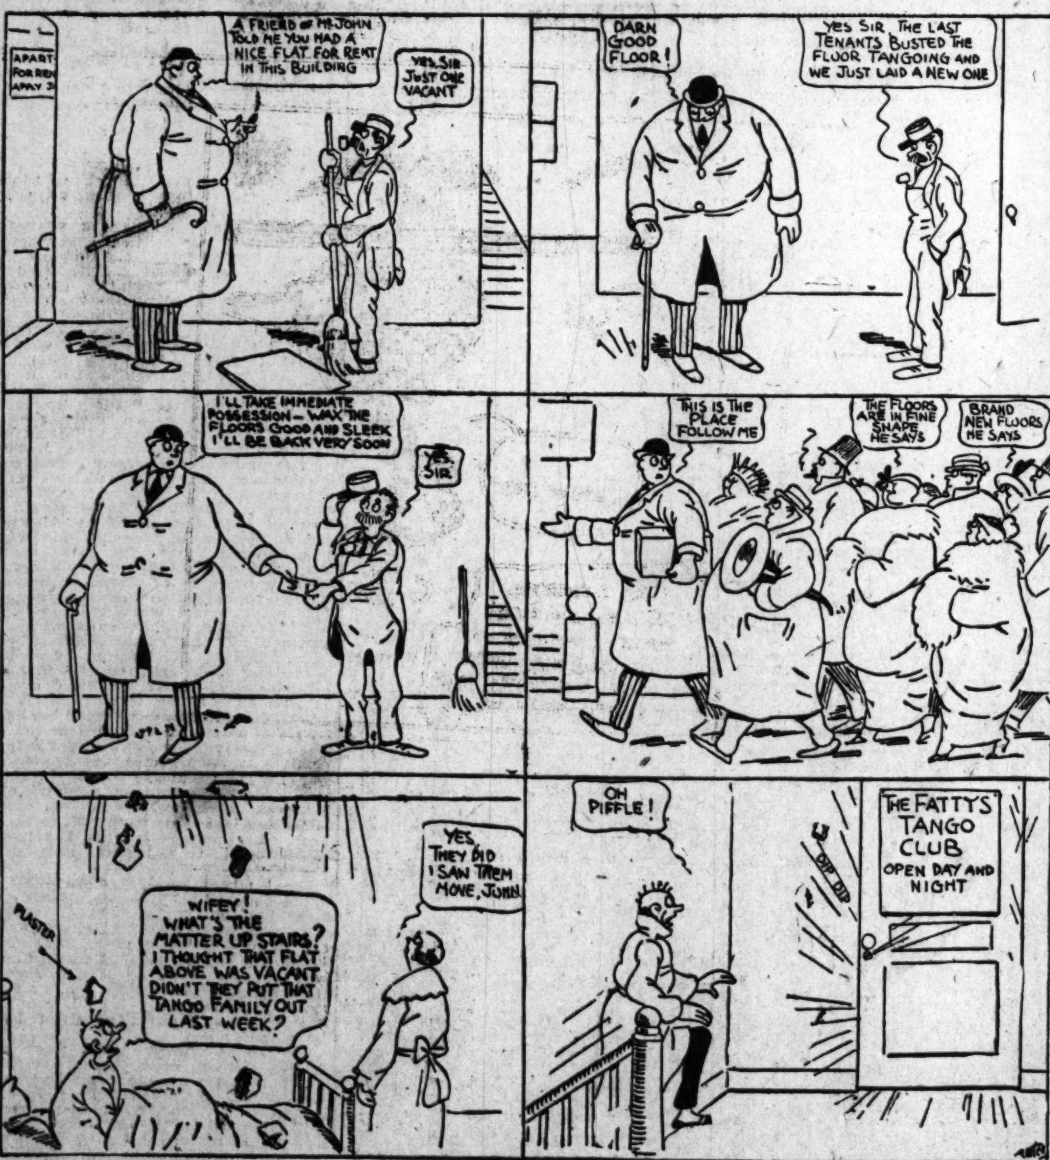

"Sure, there's a feller what we are talking about what is a colleague. Even my grown up boy Shidney, what is a cowboy in the moving pictures and can get a high-toned theater job any time playing the pianist with his feet. Shidney can't talk so educationally."

"Five aces!" said Mr. Blodger, as he tossed the dice out on the bar.

"Ha, there goes one on the floor," said Gus as he depressed the bar with a hidden lever—a little invention of Mr. Jarr's—make entertaining visiting dice

to do with him. Absolutely and postulatively for Gus and his regular patrons.

"There it goes! Now you gotta throw the bones over again!"

On a second trial Mr. Blodger threw a pair of deuces.

Mr. Slavinsky, who didn't believe in gambling, and who comforted himself with the thought that dicing with unpopular visitors in Gus' place wasn't gambling, threw next and didn't get a pair. However, Gus' eagle eye saw the results before the dice had settled and the slight tilt of the bar inward in response caused two dice to fall on the floor. Mr. Slavinsky got another shake and threw three fours.

Alternately Gus won or Slavinsky won. At 50 cents a throw Mr. Blodger's \$10 lasted but a little while.

"Who's this human dictionary who invents words?" asked Mr. Blodger angrily. "I'll give him cuff buttons to give me a few to express my opinion of this establishment! I'm a Snake, a King Snake, and I'm about to strike and sting with venomous fangs."

"There's the feller now, absolutely!" replied Gus. "His name is Dinkston!"

Mr. Blodger turned pale and turned to beat a retreat, but the deaf and supple scholar, Michael Angelo Dinkston, assisted him out into the gutter with a kick.

"If he's a snake," said Mr. Dinkston sweetly, "I'm a mongoose."

"I don't know what kind of a goose that is," remarked Slavinsky, "but I know you're a bird!"

"Absolutely and postulatively!" said Gus.

The Day's Good Stories

A Modern d'Artagnan.

ONE of the most curious characters in Paris is Roulier-Dorleles. He is a journalist when he is not busy with his own or somebody else's duels, and with his long mustaches and Charles I goatee, his huge sombrero, and his tasseled cane, he looks like d'Artagnan himself. By nature the mildest and most charming of men, he has fought over a hundred duels, and those in which he has been a second must number four figures. Naturally enough, Roulier-Dorleles has many good dueling stories. This is one of the freshest:

"I was a second," he said the other evening, "in a duel between X and Y. They wanted to fight seriously. We had arranged to preserve absolute secrecy, so that there should be no journalists, no photographers, and no indiscretion. We went out to the country, and we found a quiet spot where some cows were grazing in a field."

"Just as we were going to place our men the owner of the field came running up. 'What are you going to do?' he said. 'Fight a duel!' 'Yes, I told him, 'but if you have any trouble in connection with it we will indemnify you.' 'Oh, it isn't that,' he said, 'but what sort of a duel is it going to be? Are they going to fight with pistols or with swords?' 'With swords,' I said. 'Oh, that's all right, then,' he answered. 'But if they bring long swords, I'd have driven the cows in.'"

OUT in the west of America great rivalry exists between the different Magistrates, who are permitted to increase their incomes by running "Matrimonial Parlors." To what a pitch competition has developed of late is shown in the following advertisement, which I am assured, is genuine:

"MAGISTRATE MULLINS' MATRIMONIAL PARLOR.

One to Ten Dollars.

For the Ten-Dollar Rate:

"Magistrate Mullins' motor car will meet couples at the railway depot, and whisk them to the Matrimonial Parlor, where the bride-to-be will find at her disposal a boudoir fully equipped with a French Mirror. At a table laden with

How to Dry-Clean Your Curtains

All trouble of washing in soap and water done away with by stretching and ironing too.

The dry cleaner's bill saved and with very little labor on your part.

Here are the directions:—Put curtains into a solution of Putnam Dry-Cleaner and gasoline, adding a handful of flour for each quart. Brush with a stiff brush or whisk broom—rinse in clear gasoline—allow to dry—then brush again thoroughly to remove flour.

In a few minutes the curtains are ready to hang again, spotless and dainty, looking like new. They will last almost twice as long as if washed with soap and water.

You can use Putnam Dry-Cleaner for coats, gloves, fur, ribbons, neckties, dress goods, underclothing, etc. It cleans hundreds of things—safely and quickly. Absolutely the most delicate fabric. Save the professional dry-cleaner's bill.

Your Druggists carry Putnam Dry-Cleaner—25¢ and 50¢ bottles. If you can't supply your own, we will send large size one prepaid for 50¢.
